Fight Looms Over Outlay For Defense

Ike, Top Republican Leaders Prepare To Battle for Programs

WASHINGTON (AP)—President Eisenhower and top Republican spokesmen appeared ready today with a fighting defense of the administration's space, missile and security programs.

Key leaders in the new and heavily Democratic Congress already have promised searching and critical investigations into all phases of the Eisenhower defense policies and programs.

Vice President Richard M. Nixon has indirectly invited such an investigation, and expressed to fellow Republicans confidence that the programs will stand up under the scrutiny.

Defend Programs

Both the President and the new Republican Senate leader, Everett M. Dirksen of Illinois, defended the programs publicly Wednesday.

Eisenhower told a National Press Club luncheon that this country had "made remarkable progress" in the field of long-range missiles.

As to the Soviet's accomplishments in this field, he said, "If we did not believe that they were somewhat ahead in certain phases, we would indeed be a little stupid, because they have been working at it for many years, and our urgent work in this field on the long-range missile has started only something like four years ago."

Replies to Symington

About the time Eisenhower was speaking, Dirksen replied in the Senate to Sen. Stuart Symington (D-Mo), who said Monday the administration is trying "to lull people into a state of complacency not justified by the facts."

Symington was secretary of the Air Force under former President Truman, and has been a frequent critic of defense policies.

Dirksen suggested that Symington or some other Truman administration spokesman should admit publicly that for six years, "while our missile programs were virtually nonexistent the Soviet program was going forward full tilt."

Cuban Rebel Leader Pressing Executions

Death Count Of Batistans Grows to 195

Chieftain Indicates He Will Ignore Protests On Summary Justice

HAVANA, Cuba (AP) — Fresh dispatches today told of the execution of 10 more men by order of revolutionary courts, boosting the reported toll to 195.

The rebel leader, Fidel Castro, said the executions will continue, regardless of world opinion about the summary justice accorded captive followers of ex-President Fulgencia Batista who are adjudged major war criminals.

"We have given orders to shoot every one of these murderers," Castro declared Wednesday night.

Few Being Freed

Some convicted prisoners are getting prison terms. A few are being freed. A tribunal at Santiago Wednesday provisionally freed five—three civilians and two military men.

Criticism mounted abroad of the hurried military trials and firing squad deaths. But the rebel chieftain, asked by newsmen if the executions would be stopped, replied:

"No. To the contrary, we have given orders to shoot every one of these murderers. And if we have to battle world opinion to mete out justice, we are prepared to do it."

Advices from Oriente province said five former military men were executed by a firing squad at Bayamo and five other followers of Batista were executed at Holguin.

Calls Off Conference

Castro had scheduled a news conference later in the evening but called it off with word that he was ill. The nature of his illness was not disclosed, but the strenuous life he has led during the past two weeks was probably telling on him.

Reports reaching Havana said 19 persons were put to death in Camaguey, 320 miles east of Havana, for political murders and tortures during the regime of ousted dictator Fulgencio Batista.

Five more executions were reported from Manzamillo, in Oriente province, where eight others were shot Monday. Three former Batista soldiers were condemned to death at Colon, in west Cuba's Matanzas province.

Estimates of those in jail awaiting trial rose to between 4,000 and 6,000. Castro's forces were still hunting perhaps 5,000 fugitive soldiers, police and informers accused of carrying on the dictator's repression.

Algeria Plan Is Proposed By De Gaulle

Assembly Will Work To Discover Solution By Universal Suffrage

PARIS (AP)—President Charles de Gaulle opened the first National Assembly of the Fifth Republic today with a pledge to work toward a political solution in Algeria through universal suffrage.

De Gaulle's generalized message, read to the Assembly by its president, Jacques Chaban Delmas, clearly implied more elections or referendums in the troubled North African territory where a rebellion has raged for four years.

A prerequisite to the expression of universal suffrage, De Gaulle said, was the pacification and economic transformation of Algeria.

Premier Presents Program

Following De Gaulle's brief speech, newly named Premier Michel Debre presented to the packed chamber the program of his new government—a program supporting the Western Alliance but clearly demanding a bigger voice for France.

The deputies stood respectfully while Chaban Delmas read De Gaulle's statement.

De Gaulle called for the Assembly to put aside the bickering that weakened the old Fourth Republic and finally brought about its downfall.

"A rigorous putting in order of our affairs is absolutely necessary in all those areas which touch upon our national destiny," De Gaulle said.

The assembly was to get its first chance to discuss government policies after 7½ months of De Gaulle's one-man rule before Debre calls for a vote on his program.

No Danger of Rejection

The constitution of the new Fifth Republic does not require parliamentary approval of Debre's new government. He scheduled the session to hear his program out of politeness and sought the confidence vote only as a matter of principle.

There was no danger of Debre's program being rejected since a big majority of deputies were elected as De Gaulle supporters. And the Cabinet could be overthrown only if a majority of the Assembly had agreed in advance on a new premier.

Gen. Marshall Ill

WASHINGTON (AP) — Gen. George C. Marshall was stricken ill today and was taken to the Ft. Bragg Army hospital. He was reported resting comfortably.

Pentagon officials said that the former Army chief of staff, secretary of state and secretary of defense, felt ill upon awaking today at his winter home in Pinehurst, N.C.

U.S. Court Issues Order

Alabama Judge Is Held in Contempt

MONTGOMERY, Ala. (AP) — U.S. Dist. Judge Frank M. Johnson Jr. today ordered Circuit Judge George C. Wallace cited for criminal contempt of court for failure to comply with an order to produce voter registration records to the Civil Rights Commission.

Justice Department attorneys were directed by Johnson to institute contempt proceedings as soon as possible.

Johnson's action came after the commission reported it was able to inspect registration records in Barbour and Bullock counties despite what it called "dilatory" tactics used by Wallace in turning the records over to grand juries in the two counties instead of to the commission.

The federal judge ruled that although the purpose of his order to Wallace to produce the records was carried out when the grand juries allowed federal agents to look at them, the 39-year-old Alabama judge nevertheless must answer for his defiant action.

Grand juries of Barbour and Bullock counties — which Wallace hurriedly empaneled this week and to which he gave the records—made the files available for inspection. Wallace told the jurors they could do what they wanted to with the records.

Commission agents were said Wednesday night to have finished checking the files for evidence of discrimination against prospective Negro voters in the two rural counties.

Wallace's rebellious action was originally scheduled for hearing Wednesday but Johnson granted federal attorneys a 24-hour delay.

Six Navy Men Die in Florida Traffic Crash

PENSACOLA, Fla. (AP) — A Navy vehicle tore into a truck loaded with frozen orange juice Wednesday. Six young enlisted men were killed. Three others were injured.

The Navy men were riding in a carryall — similar to a station wagon — which collided with the truck at an intersection about 12 miles west of Pensacola.

State trooper G. L. Hill said the carryall ran a stop sign on a secondary road. The truck driver, Robert Albaugh, 30, Lynnwood, Calif., was not hurt

The Navy said the nine men were members of a work party which was returning from Barin Field, near Foley, Ala., to their station at Whiting Field, near Pensacola. Barin, recently deactivated, and Whiting are auxiliaries of the Pensacola Naval Air Station.

2 More Here Enter Race for Council Posts

A third Marionite entered the race for Democratic nomination as First Ward councilman Wednesday and another took out papers today for Republican nomination as councilman at large.

Francis H. Postell, 42, of 966 Bryant St. is seeking the First Ward seat, and George W. Steinman, 50, of 625 N. Prospect St. became the second to make a bid for Republican nomination as councilman at large.

Board of elections officials also reported that two candidates for council posts filed their petitions Wednesday and today.

Filing yesterday for Democratic nomination as councilman at large was LeRoy Emery, 40, of 326 N. Greenwood St. William H. C. Greenhill, 28, of 650 Fair Park Ave. filed today for Republican nomination as councilman at large.

Making his first bid for public office, Mr. Postell has been employed at the Marion Power Shovel Co. for about 15 years and is financial secretary of United Steel Workers Local 1949.

A graduate of Harding High School, he is a member of the Eagles Lodge and VFW and American Legion posts. He is married to the former Thelma Kohler of Marion and they have six children.

Other Democrats in the race for the First Ward seat are John E. Robbins, 34, of 175 Madison Ave., the incumbent, and Clovis A. Mann, 48, of 894 Adams St.

Mr. Steinman was nominated in the May 1957 primary as Republican candidate for Second Ward councilman but was defeated in the general election by incumbent Democrat John F. Williams.

An Erie Railroad employe, he is a member of the Eagles Lodge and AFL-CIO Local 1900 at the Erie. He is a graduate of Harding High School and attended the Marion Business College. Mr. Steinman is married to the former Dorothy Regan of Marion. They have two children.

Jury Starts Probe

NEW YORK (AP) — A grand jury started investigation today of kidnaping charges against Jean Iavarone in the 10-day abduction of Elsa Rose Chionchio.

The first witnesses called were personnel from the hospital where the child was stolen.

Has Alternate Proposal

New Bloomington Lines Up Against School Plan

The New Bloomington Board of Education, meeting Wednesday night with the Marion County Board of Education to discuss the proposed one-district school survey, rejected the plan advocated by the Ohio State University Bureau of Educational Research.

Reasons for turning down the proposal were:

1. A transportation problem.
2. Disfavor with the proposed 6-2-4 plan.
3. A feeling that one five-man board could not efficiently govern a school district resulting from the consolidation of all 10 local districts.

—:—

THE OSU BUREAU recommended besides the creation of one district, the setting up of three high schools as well as the establishment of three seventh-eighth grade centers, to be located at the Claridon, LaRue and Pleasant schools.

New Bloomington is the third district to reject the one-district plan. LaRue and Green Camp turned it down at previous meetings. Only Pleasant, to date, has accepted the recommended program.

Representing the New Bloomington board were N. J. Healea, president, Robert Imbody, Rollin Drake, Jack Chambers and Robert Everett. Don Uhl, clerk of the board, and Vernon Hensel, school superintendent, were also on hand. County board members present were Ralph F. Williams, president, C. J. Roberts, H. Clay Smith, Edwin Carey and John H. Mills. D. T. Mills, county superintendent, also was present.

The New Bloomington board expressed displeasure over the section of the OSU survey describing the New Bloomington district. Board members suggested that the researchers evidenced discrimination against a small school by implying that New Bloomington was not up to standards in some phases of cleanliness and general upkeep.

—:—

THE BOARD FELT, too, that the 6-2-4 school plan would not serve the best interests of New Bloomington seventh and eighth graders. The opinion was expressed that an 8-4 program would be better, thus keeping all but high school pupils at home.

In rejecting the one-district proposal, the board pointed out that it had an alternate suggestion which it would prefer to reveal only after the county board had finished its meetings with the six remaining school districts. In this respect the New Bloomington board lined up with Green Camp, which also has a proposal to offer counter to the one now being discussed.

Among other things, New Bloomington members wanted to know why Morral was ignored as a location for a seventh-eighth program in the survey. And, they wondered if the county organization thought the plan advocated by the OSU bureau was the best, and, as such, was backed by each of the county board members. Mr. Williams said the survey was "the only effective plan" available at this point and "has the approval of every member of this (the county) board."

It was asked what the disposition of existing contracts with teachers, janitors, clerks and other school personnel of the 10 districts would be should the one-district plan became reality. Mr. Mills said that all would be dissolved, with hiring done by the board chosen for the new district.

The meeting concluded with a lengthy discussion on taxing problems currently facing the local districts and financial potentialities of a consolidation such as the one-district plan would bring about.

Federal Jury To Investigate Ohio's Unions

Government Officials Calling for Probe of Cleveland Teamsters

CLEVELAND (AP)—More than a score of Cleveland Teamsters Union and other labor leaders reportedly have been subpoenaed for a federal grand jury investigation which opens here Monday.

Federal authorities have been working quietly on the probe, and it was through those who have been subpoenaed that the first word of the investigation came out Wednesday night.

Government sources in Washington confirmed that there will be a grand jury investigation involving Cleveland labor leaders but declined to divulge details.

The Cleveland Plain Dealer said it had learned 20 or more Teamsters Union leaders have been subpoenaed, as well as three officers of the Cleveland AFL-CIO. They are to appear as witnesses.

The AFL-CIO leaders subpoenaed are William Finegan, executive secretary; William Goldberg, treasurer, and Thomas E. McDonald, chairman of the board.

Names of the Teamsters' leaders subpoenaed could not be learned.

AFL - CIO leaders have been ordered to bring with them all books and records of the old Cleveland Federation of Labor pertaining to payments by the Teamsters Union into special funds of the CFL.

Internal Revenue Service agents served subpoenaes, indicating that income tax affairs will be among the matters investigated.

Snow Flurries Are Forecast for Area

Rain to the extent of .53 of an inch fell on Marion County Wednesday, as the cold of winter gave way to conditions characteristic of spring.

The mercury rose to an unseasonally warm 43, fell to an overnight low of only 32.

But the weatherman held forth little hope that the relatively balmy circumstances would long prevail. He called for clouds, colder temperatures and the possibility of snow flurries both tonight and Friday.

A high of perhaps 38 is expected today, with a low tonight of 20. Friday's peak reading is not expected to eclipse the 28-degree mark.

Toledo Plan Reviewed

Labor and Management Council Explained Here

The Toledo Labor-Management-Citizens committee is not a cure-all for labor-management problems but it does help both sides to understand each other's problems and functions mainly as a "grass roots" mediation service.

So said Jerome Gross, director of the Toledo organization at a meeting held in the YMCA Wednesday afternoon. The meeting was attended by some 100 industrialists, retailers, labor union representatives, church officials and city officials.

—:—

MR. GROSS was asked to come to Marion by Mayor Wendell L. Strong to explain the workings and benefits of the Toledo plan.

The Toledo organization has no authority to tell anyone what or what not to do, but it attempts to help solve some of the inevitable problems that arise between management and labor, he said.

The organization got its start prior to World War II but then was abandoned during the war. After the war, Michael V. DiSalle, then a Toledo city councilman, suggested the organization of a group to try to minimize the impact of a strike on the community.

—:—

A STUDY GROUP was named and after many meetings held over a period of months the LMC was organized and a charter drawn up, Mr. Gross said. Later it was given permanent status by councilmanic legislation and is now supported by an annual city appropriation of $15,000 to $18,000, he said.

City Fixes Rates for New Swimming Pool at Park

Rates for the new municipal swimming pool at Lincoln Park were established Wednesday night by the City Park Board and the swimming pool committee of City Council.

Family tickets, if purchased between May 1 and May 15, will be $18 for the season. Other prices, for early purchasers, will be $8 for adult season tickets, and $5 for children under 16.

—:—

AFTER MAY 15, the prices will be $20 for a family season ticket, $10 for adults and $7 for children.

Single admission prices will be 60 cents for adults and 30 cents for children under 16.

The wading pool will be free for any child accompanied by an older person.

John Robbins (D-1st), chairman of the council swimming pool committee, said that the season tickets will be placed on sale at a downtown location on May 1.

—:—

WHEN THE NEW pool opens on Memorial Day, it will be the first time since 1922 that Marion has had a city swimming pool.

And the Lincoln Park pool, although built within the walls of the old pool, which was constructed in 1920, is a completely new swimming pool.

The concrete walls and floor are new; a completely new diatomaceous earth filtration system was installed; lights for night swimming were erected; a 7-foot-wide concrete apron was constructed around the edge of the pool; the end was deepened more for diving, and the small wading pool

Dulles Deputy Questioned by Congressmen

WASHINGTON (AP)—Asst. Secretary of State Roy Rubottom was summoned before a congressional committee today to face a demand for U.S. action to halt Cuba's postrevolution wave of killings.

Chairman Wayne Hays (D-Ohio) of the inquiring House Foreign Affairs subcommittee, said he wants to know "What the State Department is going to do to calm Castro down before he depopulates Cuba."

Fidel Castro led the revolution which deposed dictator Fulgencio Batista on New Year's Day.

Hays himself suggested tough U.S. economic measures against Cuba, short of sending in troops.

But Rep. Alvin M. Bentley (R-Mich), a member of the subcommittee, said he didn't know what the United States could do about changing the way justice is handled in a foreign country. He did express hope that Cuba's government would provide fair trials.

The two spoke in interviews amid evidence of mounting congressional repugnance to the Cuban executions. In the Senate, Sen. Homer Capehart (R-Ind) said the killings create "the spectacle of a bearded monster stalking through Cuba."

Heading up the detail to distribute the pamphlets are M. Sgt. Carl E. Zimmerman and S.1.C. Edward E. Faurot of the Signal outfit and Warrant Officer John Ullom of the Ordnance unit.. Gathered around Capt. Bowen (seated) at a planning session are (clockwise, starting at lower left) Dan Hayes, National Foundation state representative; WOJG Ullom; M. Sgt. William Parke; M. Sgt. Pupil Is Watching Out for Democrats

HILLSBORO, Ohio (AP) — A third grade school pupil here doesn't want the Democrats to be overlooked.

Mrs. Emma Louise Mehring, the teacher, was having the pupils write out the Pledge of Allegiance to the flag.

They started writing but one boy suddenly raised his hand. When asked what he wanted, he said:

"What about the Democrats, Mrs. Mehring?"

"What do you mean?" the teacher asked.

"Well, they left them out — it says 'I pledge allegiance to the flag and to the Republicans for which it stands. . . .'"

Stabbing Proves Fatal

CLEVELAND (AP) — A double stabbing in an East Cleveland home Wednesday night resulted in the death of Mrs. Velma McKinney, 29, and critical injuries to her former landlord, Ralph Millard, 64, a painter. The attack was at his home. A roomer there, Ray F. Burrows, said Mrs. McKinney, Millard and another man were watching television together. He said he heard screams and saw the two stagger from the living room.

Master Propagandist

Mikoyan Is Very Adroit Politician, Press Learns

NEW YORK (AP) — "That guy!" gasped the veteran West Coast reporter: "There was that one little kid with a big red baseball cap in the whole crowd. This Mikoyan no more gets out the door than he spots him and goes right over to pat him on the head. All the cameras went off at once."

The scene had taken place at Perino's restaurant on Wilshire Boulevard in Los Angeles.

In Detroit an exhausted reporter at the end of a long day sank into his chair at the office: "If Mickey Mantle could only have the legs this guy has got. He must have walked 10 miles today through all those auto plants. And he's 63 years old too."

At the Lincoln Electric Co. plant in Cleveland Mikoyan stopped to chat with a worker who spoke a bit of Russian. After a brief but cordial exchange, Mikoyan extended his hand to give a warm clasp and said: "And please do remember to give my very best wishes to your father and mother."

At a news conference at the Ambassador Hotel in Los Angeles a correspondent asked a ticklish question: "How is it that you have managed to survive through four governments of the Soviet Union when others have not?"

Without a flicker of an eyelash, Milyokan quipped in reply: "Didn't I say before that I thought I was fortunate . . ."

All these and dozens of other incidents illustrate one fact about Anastas I. Mikoyan. He takes to political campaigning like a duck to water. He has a gift for doing exactly the right thing at the right time in order to win over his audience or grab the stage. He loves being in the limelight. And he doesn't mind an uphill struggle.

The Mikoyan technique includes humor, frankness, reasonableness, a warmly human approach and unperturbed stolidity in the face of open hostility.

Entr'acte is the French word meaning between acts of a show, otherwise "intermission."

Emergency Pay Bill

LORAIN, Ohio (AP) — Lorain City Council Wednesday night passed a temporary ordinance appropriating $143,212 from the miscellaneous fund, thus saving 85 city workers from a moneyless payday. The temporary appropriation for January was necessary because of delay in preparing the annual appropriation ordinance for the miscellaneous fund, from which the 85 are paid regularly.

Mikoyan Could Be a Missile

A suspicion is current in Washington that Anastas Mikoyan is turning out to be a one-man guided missile in a new kind of cold warfare.

The possibility that he may have zipped over the heads of diplomats and scored a direct hit on the U.S. business community is said to be causing deep concern. In the strategy of economic warfare, which is believed to be the new interest of the Soviets, the deputy premier ranks as the leading general. He is Russia's foremost economic expert.

In economic warfare, if that is going to be the Kremlin's next big move, the United States would be left high and dry with a policy of military containment. Moreover, it would be left high and dry with the policy of waiting for the Soviet Union to make the first move and then reacting to it. It would have to learn to take the initiative.

This country's business interests would be vitally concerned by every move. To the extent that they could have a meeting of minds on economic exchange with Russia, as in the exchange of finished steel for chromium ore announced last week, they, themselves, would be part of the strategy of the economic warfare.

The net effect would be to put businessmen ahead of diplomats in the order of importance. That alone is enough to cause concern in Washington, where the government cannot help but be conscious of the way Russia's No. 2 man has gone over political heads to make hundreds of new contacts with U.S. businessmen.

He has made the impression of a man who knows exactly what he is doing and therefore can go about it with complete assurance. Politically, Mikoyan is no different than he was before. He is part of the political apparatus of the Soviet Union that President Eisenhower insists cannot be trusted and Secretary of State Dulles views with sour skepticism.

But businesswise, Mikoyan has revealed himself to be an ambassador of good will, even of good humor. It is small wonder that Washington is beginning to wonder how this guided missile got past its diplomatic radar screen. If this is the way economic warfare is going to be waged, the United States and its economic and military allies will have to develop new tactics in a hurry.

Lions Deserve Credit

The Marion Lions Club deserves a lot of credit for the Gordon Larson appreciation banquet held Tuesday night.

The Harding High School head football coach is a member of the Lions Club and it certainly was fitting and proper that he should be honored at a dinner arranged by his own club.

As was pointed out by Coach Woody Hayes of Ohio State, the principal speaker, Marion has no long background or tradition of athletic prowess.

It has been a new experience for this city to have an undefeated, untied state championship football team, the "coach of the year," and two first team All-Ohio players, one of whom was chosen as "lineman of the year."

All these honors certainly called for a community celebration over and beyond the Booster Club banquet, which is primarily a school affair and as such is an excellent annual event.

When the 1958 season's accomplishments indicated a more inclusive community dinner, the Lions stepped into the breach with their characteristic vigor and handled the crowd of 635 in top-grade style.

We hope the spirit engendered by this football season will carry over into basketball, to the 1959 grid campaign and, in fact, to all Marion community endeavors.

Things Never Looked Any Bigger

Statisticians cannot be blamed for their statistics any more than messengers can be blamed for their messages.

But they are fooling with a highly inexact science until statistics can be presented in proportionate terms.

This matter comes to mind at this time of the year when politicians are telling the American people how well off they are, or how poorly off they are, depending on what the politicians are trying to prove.

Here's the joker in their presentations:

THEY ALWAYS make their comparisons with some period in the past, but they never point out that comparisons with the past are of little or no value, because conditions are not identical.

Moreover, if the statisticians were to try to bring conditions in the present and in the past into correct proportion it would be such a laborious and iffy process no one would be patient enough to bear with them.

On top of that, some of the conclusions they would develop would be so far from the preconceptions of the public that the statisticians would be run out of town for gross misrepresentation.

Statisticians to the contrary notwithstanding, things are not everlastingly getting better or worse. Some things that seem to be getting better actually are getting worse. Some things supposedly getting worse actually are getting better. And most things are staying about the same, despite funny figures and suppositions.

THIS IS SOMETHING to bear in mind for mental protection against the welter of statistics that soon will be laid down on the public like an artillery barrage to soften it up for a series of assaults on its common sense. It is every man for himself.

The idea, in general, is to make it appear that things never were bigger. The deception in this is easy because, in truth, things never were bigger. Figures on pay checks are bigger. Debts are bigger. More people are being born, and more people are being killed.

There is more of everything than there used to be — more population, more activity and more complications. But all that matters after the long countdown, when all the statistical material has been winnowed, is the net meaning of all this bigness to the individual.

A Frenchman today makes a couple hundred times as many francs as he did a generation ago. He never saw so many franks before. Unfortunately, they're worth only about a two-hundredth of what they used to be. Their value has been dissipated by inflation under a series of French governments that could not balance their budgets.

They were "financially irresponsible."

It might be a worthwhile idea to immunize Washington against the same thing at the outset of a new session of a new Congress with a couple of million French francs dumped on the city — the whole lot worth about enough to buy a second-hand car.

Getting Used to an Idea

Friction between the United States and the Soviet Union being what it is, the first reaction from an announcement that Republic Steel landed an order for 20,000 tons of cold rolled steel sheets for Russian consumption is that the so-and-so Russians are going to see the best steel they ever saw.

This, however, is a thought - provoking transaction. Though the Soviet Union wanted Republic sheets and will use them to make automobiles, the key to the deal is the chromium ore that will be sent from Russia in payment for the sheets. This ore is indispensable in stainless steel and not a pound of it is produced anywhere in the United States.

But Russia has it in quantities. Therefore, what could be more logical than a swap of American-made steel for Russian-produced chromium ore? Russia needs the steel, and the United States needs the ore.

This is the way international trade is supposed to work. When it works the way it is supposed to, nothing could be more logical.

Socialism, capitalism, Communism, freedom? All very important in their time and place, but with no direct bearing on a swap of sheet steel for chromium ore. Getting used to the idea is half the battle. The United States carries on trade with countries all over the world without getting involved in ideologies. Why not Russia?

The Once Over

By H. I. Phillips

Mikoyan continues his supermarket visits. He must be interested in three questions: (1) How far is the U.S. ahead of Russia in foil-wrapped hamburger, frozen chicken pies and TV dinners; (2) do free world engineers lead Russia in frozen filets of cod; (3) did he promise Nikita a first hand report on combat effectiveness of woman shopper in a hurry behind a supermarket wire-wagon?

In orbit around a display of supermarket products he is quite a spectacle. Russians have developed secret of powerful projection force from a launching pad but it doesn't compare with thrust of an American housewife in a hurry to reach the special sale of canned soups.

Mikoyan is a sharp businessman who has modernized sales methods in Russia but he was surprised to discover that in American chain stores a wagon designed for groceries can come out with a load of cosmetics, potted plants, comic magazines, razor blades and rosebushes.

HE MAY DEVELOP Moscow supermarket that will sell delicatessen products, fresh vegetables, bear meat, Russian military boots, Izvestia and Yankee-Go-Home signs.

We couldn't dig his reason for buying several heads of cabbage. But we are told he thought he heard it go "beep-beep."

No international incident has been caused by his market visits so far, but the following events came close:

1. A housewife, turning out of an alley at high speed, between the detergents and the frozen pies, sideswiped Mikoyan, causing him to exclaim, "See what I mean about American aggressiveness!"

2. A woman backed a wire-cart without warning into an alley in which the Russian entourage was concentrated. She was seized for a border violation.

3. A housewife about to take a jar of imported caviar was told by her husband, "It's no good. The American brand is better."

The mystery still is what he is to do with all the groceries. He certainly didn't come all the way to America to throw a barbecue.

PRESIDENT URRUTIA of Cuba is the Manuel of the Hour. . . . Some people would feel better about those Cuban leaders if they didn't all seem to wear beards and dark glasses.

Somebody sent an erector set for beginners to Bob Moses, New York's big project wizard.

Mario Torre, TV critic, in jail for 10 days for refusing to violate a confidence, is winning applause, fame and support. In the housegew she is really tuning into "The Founding Fathers," "Freedom of the Press," "The Spirit of 76" and a program "Have Courage: Will Not GROVEL."

The Showdown

Inflation Complacency

By David Lawrence

They have argued about such technical things as Senate rules and are preparing to talk about spending more money to send a man to the moon, but there are no signs that Congress is ready as yet to come to grips with the down-to-earth problem which affects the well being of millions of Americans—inflation. Until the American people are thoroughly aroused to the crisis that faces them in the present Congress, the emphasis will still be on secondary matters.

Lawrence

President Eisenhower puts the case in unequivocal words as follows:

"We must avoid any contribution to inflationary processes, which could disrupt sound growth in our economy.

"Prices have displayed a welcome stability in recent months and, if we are wise and resolute, we will not tolerate inflation in the years to come. But history makes clear the risks inherent in any failure to deal firmly with the basic causes of inflation. Two of the most important of these causes are the wage - price spiral and continued deficit financing.

"Inflation would reduce job opportunities, price us out of world markets, shrink the value of savings and penalize the thrift so essential to finance a growing economy.

"Inflation is not a Robin Hood, taking from the rich to give to the poor. Rather, it deals most cruelly with those who can least protect themselves.

IT STRIKES hardest those millions of our citizens whose incomes do not quickly rise with the cost of living. When prices soar, the pensioner and the widow see their security undermined, the man of thrift sees his savings melt away; the white collar worker, the minister, and the teacher see their standards of living dragged down.

"Inflation can be prevented. But this demands statesmanship on the part of business and labor leaders and of government at all levels. We must encourage the self-discipline, the restraint necessary to curb the wage-price spiral and except only in critical emergencies we must meet current costs from current revenue."

But will "self-discipline" materialize? What is really needed, is courage in Congress. And there will not be action by Congress until there is a people's "lobby" bigger than the labor-union lobby which, by its millions of dollars of contributions, influences the election of enough members of Congress to block remedial legislation.

The headlines have told about the corruption inside some big labor unions. Congress has not passed the necessary legislation to deal with the evil. Instead, many labor-union leaders who are themselves honest are afraid the laws will be used in some way to hurt them.

The cry is that there isn't any need to pass laws because there are only a few guilty ones. But there would be no criminal laws today if the doctrine were accepted that, because the offenders are a minority, no protective steps should be taken by the people against those offenders.

WHAT IS AMAZING is that, after the sensational disclosures last year, the labor unions won more elections for their candidates in Congress than ever before. The President pointed to these disclosures in his State of the Union Message:

"Last January I made comprehensive recommendations to the Congress for legislation in the labor - management field. To my disappointment, Congress failed to act. The McClellan committee disclosures of corruption, racketeering and abuse of trust and power in labor - management affairs have aroused America and amazed other peoples.

"Its disclosures emphasize the need for improved local law enforcement and the enactment of effective federal legislation to protect the public interest and to insure the rights and economic freedoms of millions of American workers.

"Halfhearted measures will not do, I shall recommend prompt enactment of legislation designed:

"To safeguard workers' funds in union treasuries against misuse of any kind whatsoever.

"To protect the rights and freedoms of individual union members, including the basic right to free and secret elections of officers.

"To advance true and responsible collective bargaining.

"To protect the public and innocent third parties from unfair and coercive practices such as boycotting and blackmail picketing."

But the president does not propose any cure for the biggest single virus — labor extortion at the bargaining table — that has really led to the strike fever in America.

The threat of a steel strike this summer is already costing the country many billions in a frustration of planning for plant and equipment.

An economic war that is permitted to damage the public by billions of dollars a year and that keeps sending prices upward — to rob the people of their savings by devaluing the purchasing power of the dollar — needs more drastic action than the President has proposed. But evidently the American people are not yet aroused — so Mr. Eisenhower is fighting an uphill battle alone against the most powerful lobby ever to exert pressure on our national legislators.

Nothing Solved in Cuba

By James Marlow

WASHINGTON

The announced purpose of Fidel Castro's revolution, which threw out the dictatorship of Fulgencio Batista, was to restore democracy to Cuba. The question now is will it?

The revolutionary government established by Castro — with the Provisional President, Manuel Urrutia, handpicked by him — has dissolved the Cuban Congress and announced it will rule by decree for at least 18 months.

That means—no matter by what name it is called nor how benevolent it may be—Cuba will be under a dictatorship for at least another year and a half. At the end of that time, new elections are supposed to be held.

THE STATED reason for the 18-month delay is to let new political parties organize so they can compete in the elections.

Just because there will be a dictatorship until then, new factions may arise, even among Castro's followers, because of dissatisfaction with the revolutionary government and the course it follows.

Factions mean disputes and disputes can lead to new civil war.

Castro has pledged that his country will remain a democracy. But the executions being carried out now by his followers against former lackeys and spies of Batista are not in accordance with democratic processes.

The men executed by firing squads have not been given regular trials, with full legal protections. At best they've been given revolutionary trials. Castro justifies them on these grounds:

That "anyone who has killed 15 or 30 people has no right to live." This is Castro passing judgment. It is not a decision reached by democratic process or agreement. It's Castro deciding what's right or wrong.

HE HAS THE power to make such decisions because he has the backing of his armed forces, a situation which a political philosopher could reduce to a simple explanation: It's a case of might makes right. But it's not democratic.

At a minimum these executions will leave behind them a trail of bitterness — if not obsession for vengeance—among the families of the men slain by firing squads.

They will make some, perhaps many, Cubans uneasy about the future course of the revolutionary government, just as they have already dismayed many members of the U.S. Congress.

Thus the Castro people, who professed to despise the undemocratic brutality of the Batista followers toward prisoners, are leaving themselves open to accusation of doing the very things they said they wanted to destroy.

GRIN AND BEAR IT

By George Lichty

"Present day conditions have caused us to revise our thinking, gentlemen! . . . What we used to consider insecurity in a patient, we now accept as good, solid common sense! . . ."

Pavement Plato

By Hal Boyle

NEW YORK

Curbstone comments of a Pavement Plato:

"It is not a matter for the state," murmured Frank Chionchio. "It is for God to decide."

HAL BOYLE

The question at issue was what was to be done with Jean Iavarone, accused of kidnaping the infant daughter of Mr. and Mrs. Chionchio 2½ hours after her birth in a Brooklyn hospital.

To the consternation of officials neither young lawyer Chionchio nor his wife wanted to press charges against widowed Mrs. Iavarone, mother of eight children herself, after a tip to police led to the discovery of their daughter in her home, not far from Brooklyn police headquarters.

THE YOUNG couple who had borne themselves with a dignity beyond hysteria during their long ordeal, were not interested in punishing the kidnaper. They were only happy and grateful they had their baby back, alive and well.

This attitude was incomprehensible to the forces of the law, who had thrown from 500 to 700 men into a ten-day-and-night, street-by-street search for the stolen infant.

To Chionchio, 28, a lawyer for the Port of New York Authority, Mrs. Iavarone, 43, was "a poor, sick woman" unable to comprehend the enormity of the crime or the suffering it had caused.

Only after considerable pressure by legal officials, during which it was pointed out that he himself could be held as a material witness in the case, did he reluctantly sign a complaint against Mrs. Iavarone.

EVEN THEN, as he left the conference, the young father murmured stubbornly: "It is not a matter for the state. It is for God to decide."

To many, the attitude of Mr. and Mrs. Chionchio must seem incredibly naive. The instinct for revenge and retribution is overwhelmingly strong in most of us, and when someone hurts us we want to hurt them back just as soon as we are able to.

We pay lip service to the ideals of forgiveness, turning the other cheek, and doing unto one another as we would have them do unto us. But in our daily life we often don't live up to these ideals. We turn to the older law of fang and claw.

It is inconceivable, certainly for most of us, to think that Mrs. Iavarone, if proved both sane and guilty, should go unpunished by the laws of man.

BUT IT IS unimportant whether Mr. and Mrs. Chionchio are right or wrong. In an angry world, surely sicker and just as confused in many ways as the woman who stole their baby, their Christian charity under stress stands as a bright beacon of true faith.

Instead of retaliation, they have responded to this blow against their happiness and family security with forgiveness, a reach for understanding, and a desire that a higher judge decide the case.

It is an example of humanity at its best, as rare as it is inspiring.

Purely Personal

By Truman Twill

I have been impressed throughout a recent reading of the history of my home town by evidence that some of the men who once towered so high were like the courthouse tower—not nearly so high as they seemed to my youthful eyes.

My strongest complaint against John Foster Dulles is that he is making it difficult for my countrymen and me to learn what is going on in mainland China, where the most meaningful news of the era is taking place, with U.S. newsmen barred from doing their job.

The best way to judge the quality of a singer's voice on television is to listen to it from the next room, sight unseen. There is one glamor boy TV canary whose voice sounds like an untrained choir singer, when it's judged by sound alone.

In view of the bitterness caused by efforts to unseat speakers of the House of Representatives who perpetuate their power, wouldn't you think congressmen would be willing to do for themselves what they once did to the presidency—limit the number of consecutive terms?

I am pleased to say my promise to avoid an over-exploited type of show business personality was kept on its first test. When the bosomy blonde appeared, I disappeared—and that was that. My grounds: No talent.

If anyone wants to know again what is more "over" than Christmas, it's the power and the glory of political office, when voters turn thumbs down. Few officeholders renounce the prestige and prerogatives of office voluntarily. For most defeat is like being buried alive.

It occurs to me that I have been trying to work up an interest in tennis ever since I was a child in knee pants and trying to play tennis despite the perspiration that continually clouded the glasses I had to wear. Maybe it's time to call it quits and admit tennis is not for me.

I feel sure that if all the evidence of uncontrolled and uncontrollable crime in this country's largest cities were to be brought together in one place and looked at for what it's worth, the result would be more sensational than the lag in cosmic rockets.

The Air Force's Aeromedical Laboratory thinks a passive, lonely woman would be ideal for space pioneering, an adventure in which the greatest hazard may be the mental shock of being separated from the earth. Why don't the boys come out with it bluntly and say women always have been more adapted to survival under all circumstances than men? All men know it anyway.

It is gratifying that the United States Humane Society is putting its best efforts into a campaign to keep unwanted puppies and kittens from being born. This always has been the source of cruelty to animals — the fact they were born into a world where no one wanted them. Ultimately, it may be against the law to harbor unspayed female dogs or cats, except in a commercial breeding establishment.

In my opinion, the most surprising thing Anastas Mikoyan has revealed is his possession of a lively sense of humor. Nikita Khrushchev has one, too, in contrast to all the dour Russians who have represented the Soviet Union since 1917.

News of Other Years

40 YEARS AGO — Secretary of War Newton D. Baker announced his intentions to resign his cabinet position and resume private law practice.

A revolution led by French troops broke out in Portugal where insurrectionists were trying to overthrow the government and put back into power the supporters of ex-President Maccido.

The famous actress Maude Adams was taken ill in Boston, Mass., with a nervous breakdown and advised to leave the stage permanently by a specialist.

20 YEARS AGO — The Rev. W. K. Riggs of Reedsville accepted a unanimous call to the pastorate of Fite Memorial Baptist Church.

Charles A. Baber, 54, president and treasurer of the Baber Baking Co, Inc. died at his home on E. Washington Ave. after an illness of five years.

With the delivery of her morning sermon, the Rev. Lillie Swick, Marion's only woman pastor, celebrated her fifth year as minister at the First Church of God.

The Ohio Northern University Choir presented an evening concert at Epworth Methodist Church. Members in the group from Marion were Miss Katherine Schneider, Miss Mary Swain, Robert Fair and Dwight L. Carhart.

Highlights of the morning service at the First Reformed Church were installation and ordination of officers, communion and baptism.

10 YEARS AGO — Safety-Service Director E. O. Uncapher announced that new parking meters, providing both one and two-hour parking, would be installed throughout the entire downtown district the following week.

Marion city policemen were awarded $6,078.65 in a finding handed down by Common Pleas Judge Leland Rutherford of Morrow County in the firemen's suit for $19,791 in back pay. An additional finding boosted the back pay previously awarded city firemen to $11,792. The 35 members of the fire department originally had been given $6,922 when their suit was tried in November.

Mrs. Carter Patton was named president of the Lecture-Recital Club, succeeding Mrs. Clara Campbell, who was elected recording secretary for the year.

"How shall I defy whom the Lord hath not defied" — Numbers 23:8. If you think you can work against the Infinite try sweeping back the sea with a broom. A king tried that once, with poor results.

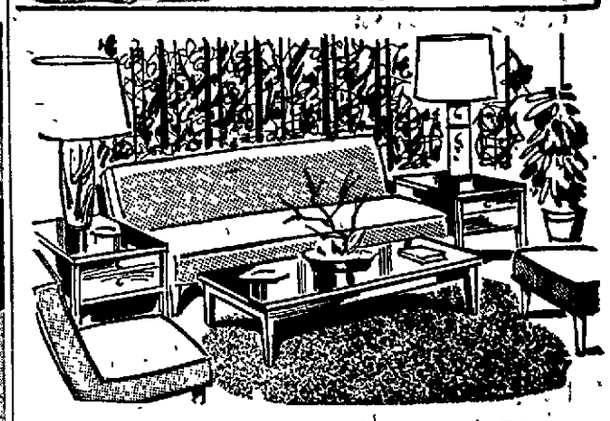
Adding CHARM to YOUR Home



Dramatize Your Most Important Piece

Perhaps you're asking yourself: "Which is my most important piece?" It might be an heirloom, a treasure that's been in the family for many years, or a brand new piece that you've just acquired, modern as tomorrow! It doesn't matter which. The idea is to highlight one piece to accentuate its beauty and to give your room individuality, dramatic accent, and a visual focal point.

There are many ways of doing this. One of the most obvious, of course, is to place the chosen piece with its companioning accessories against a wall that contrasts with it — light against dark, or dark against light—and have the other walls another shade or color. This gives variety to the room as well as importance to one piece. Another way to do this effectively is with fabric.

The wall-high drapery in the Modern room sketched above serves a double purpose. It provides a dramatic, colorful — in this case a yellow and blue-green floral — backdrop for the rich blue-green Modern sofa, AND it gives the illusion of a window where none exists. This gives an outer - dimensional feeling to a small, inside room. The other three walls have been painted a pale sea-foam green which companions nicely with the citron-colored rug, and provides a background complement for the pumpkin-colored chairs.

Don't put up with a dinky little coffee table. Add beauty and convenience with a generously proportioned model from our selection of Early American, traditional and new Moderns. Light and dark finishes available in circular, square and rectangular designs.

Mrs. Mary Orcutt presented a program on legislation at the Monday night meeting of the American Legion Auxiliary Unit 162.

Speaking before the group at a meeting at the Legion Home on Bellefontaine Ave., she reviewed several bills scheduled to come before Congress this year.

Miss Opal McMahan opened the business meeting with the pledge to the flag after prayer by Mrs. Blanche De Long, chaplain.

Mrs. Lucille Osmun, Americanism chairman, announced an Americanism program scheduled for Feb. 9 with Mrs. Rayda Jones of LaRue, 6th district president, as guest speaker.

Miss Marie Baker, in her community service report, commended Mrs. Alta Tricky for serving 21 volunteer hours at the Marion County chapter, American Red Cross.

Rehabilitation chairman Mrs. Ruth Brown thanked members for donations which filled three baskets of food and clothing for needy veterans families and a basket of fruit for a shut-in. She reported that all extra canned goods had been donated to the Salvation Army.

A report of the Christmas party for children of veterans was given by Mrs. Muriel Pletcher. She extended special thanks to the committee in charge: Mrs. Donald Schweinfurth, chairman; Mrs. Lucille Dial, Miss McMahan, Mrs. Joyce Moore, Mrs. Mary Fines, Mrs. Betty Elliott and Mrs. Pletcher.

Miss McMahan then thanked Mrs. Jane Crissinger, Mrs. Lottie Cerney and Mrs. Kathryn Messenger for serving coffee, rolls and sandwiches on Saturday, Jan. 10, to the men of Post 162 working on the March of Dimes campaign.

She announced that the midwinter conference is to be held at the Neil House in Columbus Feb. 28.

In other business, the group voted again this year to send two Marion high school girls to Buckeye Girls State and to contribute $10 for the annual birthday party at the Chillicothe Veterans Hospital. The birthday party will be Feb. 19.

The auxiliary unit has ordered copies of "The Ohio Government Digest" which will be placed in the two local high schools. In addition, it has made arrangements to distribute 100 copies of the pamphlet "How a Thought Becomes a Bill and How a Bill Becomes a Law" among Marion schools.

The legionnaires' wives renewed the subscription of The Marion Star being sent to the Soldiers and Sailors home in Sandusky.

It was announced that a book of prayers is to be compiled by the unit's chaplain. The booklet, which will contain the favorite prayer of each member, will then be entered in a state contest to compete against like prayer books compiled by other Ohio units. Following announcement of the prize winners, the books will be given to the various veterans homes in the state.

Mrs. Brown reminded members to bring tax tamps to the next meeting to be used for rehabilitation work.

The unit also voted to back the local Committee for Decent Literature. The meeting closed with a social hour. Mrs. Margaret Foreman served refreshments.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann: I came to this city from a small town in Canada three months ago. I considered myself fortunate to get a job in a good office in a fine downtown building. Now I'm not certain I belong here.

Please tell me if my ideas are wrong or if I am working in a place where the people are peculiar.

Yesterday when I bent over to pick up an eraser, one of the young men hit me in the posterior with the telephone book. Everyone roared. This sort of thing goes on all the time.

Two weeks ago someone put a mousetrap in my desk drawer and when it snapped it almost scared me out of my wits. Yesterday an artificial snake popped out at me from the file cabinet.

The office manager buys gags from a novelty shop, such as glasses with trick bottoms.

When I complained (after the telephone book incident) they said I was a poor sport and had no sense of humor. Am I humorless or are all American offices like this one? — SMALL TOWN GIRL.

-:-

Dear S.T.G.: All American offices are NOT like this. You fell in with a collection of Grade A dingbats. There's nothing funny about being hit with a telephone book — especially when you live in Buffalo where the book is pretty hefty.

I suggest you scout around for another job and leave that loony bin as soon as possible.

Package Deal

Dear Ann: I sympathize with Sheepskin Sarah who complained about her husband's grammar.

I'm married to a woman who is a good wife and mother. But her poor English and hackneyed phrases irritate me just as Sarah's husband irritates her. You have no idea how boring it is to live with someone who 50 times a day says "I got news for you" or "Golly gee".

She talked like this before we were married so I guess I couldn't have been very bright either.

Now I feel she's beneath me intellectually and I miss the companionship that intelligence offers. Should I be satisfied that she's a good mother and keeps the house clean?

I have a few friends who are in the same boat. Why do these things happen? — SHEEPSKIN SARAH'S BROTHER.

—:—

Dear Brother: These things happen because love is sometimes deaf as well as blind. You didn't care how the girl talked before you married her because you were more interested in how she looked.

Now that you are married and have a family — yes, be satisfied that she keeps the house clean and is a good mother. You bought the total package, Buster. (Are you listening, Students?)

Problem Daughter

Dear Ann Landers: Our 15-year-old daughter is unhappy. Because of her constant complaining, everyone in the family is in an uproar.

She wants to quit school, get a job and live alone in an apartment. She claims we are too strict and don't understand her.

We permit her to date on weekends and stay out until midnight. She says this is no freedom at all. We think for a girl of 15 it is a reasonable curfew. Is it?

She hates school and it's a daily battle to keep her from quitting. Sometimes I think it would be a lot easier on all of us if we gave her permission to quit. Your opinion would be appreciated. — EXHAUSTED MOTHER.

-:-

Dear Exhausted: Of course it would be easier to throw in the towel and tell your daughter she can do as she pleases. But where did you get the notion that rearing children was supposed to be easy?

Saying yes to your daughter's ridiculous plan would be a high price to pay for peace and quiet around the house. That girl belongs in school. She's a minor and you are responsible for her.

If you and your husband let her use 15-year-old judgment in such a vital matter merely because you're tired of fighting with her, then you will fail her as well as yourselves.

P.S. — Midnight is plenty late for a 15-year-old.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Marion Star enclosing a stamped self-addressed envelope.

PTA Activities

Approximately 250 persons were in attendance at the meeting of the LaRue PTA Monday evening in the multipurpose room of the elementary school. The fifth grade won the atendance awards.

The Rev. Jack L. Stange of the LaRue Baptist Church opened the meeting with devotions. During the business meeting conducted by the president, Mrs. Richard Dietrich, contributions were voted to the Tuberculosis Association and to the local public library. A report of the committee appointed in November to investigate the cost of draperies for four rooms in the elementary building, was given by Mrs. Lowell Swartz. Due to the cost which would require funds which are already budgeted for the year, the matter was turned over to the ways and means committee for a possible project for raising funds.

J. Lewis Hafer and Ed Mallett brought a report from a meeting of a citizens' committee along with a proposal for the PTA to support the local board of education in the matter of consolidation. After discussion, the PTA went on record as unanimously supporting the board of education in its opposition to the present plan of consolidation and to further support and cooperate with plans the local board may formulate which will be beneficial to the students in the LaRue district.

The program for the evening presented by the Junior High School opened with four selections by the combined junior and beginners' band. Richard McConnell is instructor of the band.

A baton solo by Michael Dutton was followed by a piano selection by Betty Jo Hougendobler. Eddy and Carly Fox performed on a trampoline followed by a piano solo, by Patricia Wittibslager. A pantomime of "The Shooting of Dan McGrew" was given by a group of students, with Mrs. James Fox as narrator. The program closed with three numbers by the junior high girls' chorus.

Announcers for the program were Sam Sager, Kenneth Herick and Bill Born. Refreshments were served in the cafeteria after the meeting.

—:—

Dads' night was observed by the George Washington PTA Tuesday night and pledge of allegiance during a flag ceremony was led by Dens 5 and 6 of Cub Scout Pack 29. Invocation was by Charles Brobeck. Guest speaker was Leonard Belove of Kansas City, Kan., who gave a talk on public relations.

Robert Babich was in charge of the program. A film, "Can We Immunize Against Prejudice?" was shown. "Buzz sessions" followed with Robert Rohr, Robert Wanner, Robert Robinson, the Rev. Irvin W. Emmons and Rayl Conyers as leaders. Attendance award went to Miss Mary Alice Virtue's first grade. Announcement was made of fun night event for Feb. 20 with Warren Cyders as chairman and Mrs. Robert Williams, co-chairman. Decorating the refreshment table were snowmen and candles.

New U.S. Attorney Is Sworn In at Cleveland

CLEVELAND (AP)—Russell E. Ake, 50-year-old chief assistant U. S. attorney, steps up to the post of U.S. attorney today.

Ake will be sworn in by Federal Judge Paul Jones to succeed Sumner Canary, who resigned effective today.

Ake, who lives in Canton, was appointed Wednesday by the five judges of the district for an interim term of indefinite length. He is expected to receive a permanent appointment from President Eisenhower.

Ake was in a private law firm and had been a part-time assistant city solicitor in Canton before coming to the U.S. attorney's office in 1954.

3 Crestliners Bound to Jury On Theft Count

Two Others Fined, Jailed for Stealing Metal From Fire Site

BUCYRUS—Three Crestline men were held to the Crawford County Grand Jury on grand larceny charges while one of them and two other Crestliners were fined $25 and costs each and given three-day jail sentences at arraignments here Wednesday before Mayor Joe Sullivan.

Held to the grand jury on a charge of theft of metal from the Crawford Steel Foundry Co. here last month after it was destroyed by fire were Paul Hoke, Leroy Knox and Leroy Canada. The latter also was fined $25 and costs and given a three-day jail sentence along with Neil Walker and Frank Knox. Walker and Knox were found guilty of petit larceny. Canada was charged with both petit and grand larceny.

Police said Hoke, Leroy Knox and Canada allegedly stole $89 worth of aluminum in one trip while Walker, Frank Knox and Canada took $22 worth of copper wire in another trip to the foundry. The metal was sold to a Mansfield junk dealer for about $48, according to police.

Bond for Hoke, Leroy Knox and Canada was fixed at $500 each. Hoke was released after furnishing bond.

Canada is currently on two years' probation on a breaking and entering charge. He was placed on probation in November, 1957, after he and a companion were caught attempting to drive off with a safe they allegedly had taken from Sutter's Tavern near Crestline on Sept. 22, 1957, according to Common Pleas Court records.

State Jobless Benefits Ruling Blasted by Ford

DETROIT (AP) — A Michigan Supreme Court ruling on state jobless benefits has aroused the ire of Ford Motor Co.

The court held this week that 11,000 workers at Ford plants here are entitled to a million dollars in jobless benefits because they were idled as a result of a strike at Ford's Canton, Ohio, forge plant in 1953.

The company told the court Wednesday that in re-defining jobless pay rules, it has "substituted its judgment for that of the legislature and has usurped the legislative function."

STRING QUARTET TO PERFORM. Guest artists Saturday night for the third in a series of five concerts to be presented here under sponsorship of the Marion Concert Association will be the Beaux-Arts String Quartet. Members of the group are (left to right) Gerald Tarack and Alan Martin, violinists; Joseph Tekula, cellist, and Carl Eberl, violist. The quartet made its musical debut in New York's Carnegie Hall in 1957 and is currently participating in its first season's tour of the country, winning wide acclaim. The 8:15 p.m. program will be held in Harding High School's auditorium.

WCTU Activities

An all-day sewing meeting for the Florence Richards WCTU was held at the Salvation Army citadel Tuesday and layettes for Korea were made At noon a covered dish dinner was served and Mrs. Charles Clark gave prayer at the table. She led devotions on "Legislative Lane" and sang a special number accompanied by Mrs. H. C. Wendler.

The group made a contribution to the Lillian Stevens Legislative Fund. Salute to the American, Christian and Temperance flags was led by Mrs. C. O. Reeves.

A letter was read from Mrs. Mary Jennings, a former Marion County WCTU president, who resides in a rest home in California. Prayer was by Mrs. Myrtle Morrison. Serving as hostesses were Mrs. Harry Armstrong, Mrs. Gladys Hall and Mrs. Morrison.

A card of thanks was read from the matron of the Marion County Home expressing appreciation for the Christmas treat provided for the home residents by the WCTU groups.

Heads Planning Group

CANTON, Ohio (AP) — Robert K. Domer has been elected president of the Stark County Regional Planning Commission. Domer, president of a mortgage concern here, succeeds Ralph S. Regular, Navarre attorney. Lavern C. Lally, mayor of Minerva, was named vice president at Wednesday night's meeting, and Charles H. Michel of Canton was elected secretary.

Leaves $114,000

MADISON, Wis. (AP)—An estate of about $114,000 was left by the late Sen. Joseph McCarthy (R-Wis), who died May 2, 1957.

The value of the estate was figured by Richard Williams, head of the State Inheritance Tax Division, who based the figure on inheritance tax receipts filed by the senator's widow.

The senator's widow, Mrs. Jean Kerr McCarthy, was named McCarthy's sole beneficiary and executrix.

Tightens State Payroll

DiSalle Orders Firing Of 'Surplus' Employes

COLUMBUS, Ohio (AP) — The axe has fallen on what Gov. Michael V. DiSalle considers surplus state employes.

The governor told newsmen Wednesday he has ordered department heads to fire all unnecessary workers and hold the line on pay raises and promotions.

DiSalle said the order to hold up raises and promotions was made pending receipt of a salary classification study which will be submitted to the legislature.

Other points the governor made at a news conference:

1. He likely will ask the legislature to extend the temporary program of additional state unemployment compensation past the April date when it is scheduled to go out of existence. Under the program, jobless workers can collect up to 13 weeks of extra benefits after their regular 26 weeks of benefits are exhausted.

2. No bills to carry out the administration's program will reach the legislature until after his "state-of-the-state" message is delivered, possibly next week.

3. He and legislative leaders are discussing the possibility of combining the Legislative Service Commission and the Legislative Reference Bureau.

Estate of Wyandot Judge To Be Sold

UPPER SANDUSKY — More than 1,300 acres of farmland appraised at $279,820 will be sold here Jan. 31 and Feb. 7 at public auction.

The property is from the estate of the late Judge Earl B. Carter, who died July 21, 1941. Virginia Stoneburner, his aunt, held a life estate on the holdings until her death last February.

The sales are the result of a common pleas court partition order issued in the suit of Mary Garber versus Grace Bowers Margraf and others.

Tymochtee, Mifflin, Salem and Crane townships contain the acreage.

Collections Drop

CLEVELAND (AP) — U. S. Customs collections in Ohio in the last half of 1958 totaled $6,724,311, down slightly from the $6,939,556 collected in the last half of 1957. Miss Albina R. Cermak, collector of customs, said the drop resulted from a change in the Post Office's method of accounting, under which collections of mail imports now go to a central agency in New York.

36 Districts in Delaware Have Higher Tax Rates

DELAWARE — The Delaware County auditor's office reported Wednesday that tax rates in Delaware County are higher in 36 of the county's 49 taxing districts.

The rates dropped in 13 of the districts, five of which are a part of out-of-county school districts. Four of the lower rate districts are in the Elm Valley School District, three are in Radnor school area and Shawnee Hills village is the other.

Ashley has the highest corporation tax levy, a rate of 6.85 mills. Delaware is second lowest with a 2.75-mill rate.

Shareholders Of Bank Meet At Sycamore

SYCAMORE—The annual dinner for the shareholders of the Sycamore First National Bank was served in the Methodist Church dining room Tuesday and was attended by about 100. The table prayer was by the Rev. Nolan Younkman and the meal was in charge of the Win-One class of the church school.

Bank president Paul Konkle welcomed the guests and introduced the speaker, Melvin Tharp, advertising director of the Columbus Dispatch.

"Advertising and Public Relations" was the subject and Mr. Tharp told of his work in the advertising business and later gave some specific advice on advertising techniques.

In the business meeting that followed Mr. Konkle paid tribute to two directors who helped organize the bank 40 years ago and who passed away during the past year. They were Dr. C. W. Montgomery and Dodge Curlis.

There were present at the meeting seven others who helped in the organization of the bank. They were A. D. Holt, W. D. Tschanen, Mrs. Wilcox, Mrs. Joyce Balliett, George Eyestone, Frank Needs, Robert Walton.

Henry Sneeringer was named chairman for the business meeting and the bank cashier Mrs. Georgia Stubbs acted as secretary. Her report showed that the bank had a successful year.

Dale Swerline, Ray Kuenzli and Roy Simpson were on the nominating committee and as a result of their report the following slate of directors was elected: Meric A. Curlis, Forrest Bacon, Frank Ellis, George W. Eyestone, N. V. Fox, Mr. Konkle, George Lust, Frank Needs, Carl Stuckey, W. D. Tschanen and Wayne F. Walton.

After adjournment the directors reconvened at the bank for organization. Mr. Konkle again was elected president; vice president, N. F. Fox; cashier, Mrs. Stubbs; assistant cashier, Keith Mohr; teller, Mrs. Garneita Hufford, and bookkeeper, Mrs. Louise Stover.

Audit Made in Toledo Case

Report Assails Former Hospital Administrator

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes today released an examiner's report saying that a former administrator of Maumee Valley Hospital in Toledo converted $19,857 in hospital funds to his own use.

Rhodes said the report lists nine separate findings against John D. Swaggerty, who was fired as hospital administrator Oct. 27. Swaggerty had been under suspension by the hospital's board of trustees since Oct. 2. He became administrator July 8, 1957.

In Toledo, the Lucas County prosecutor's office said no formal charges can be filed against Swaggerty while he is a patient at Toledo State Hospital, a mental institution.

Rhodes said the charges against Swaggerty, as listed in the state examiner's report, indicate that he deposited hospital funds into his own bank account and also used the money to buy jewelry and other items for himself or for others.

The report also indicates that several checks drawn on the Maumee Valley (Hospital) Development Fund were issued to fictitious persons with the final endorsements made by Swaggerty.

It adds that a number of checks drawn on the fund were issued to Swaggerty personally.

The state examiners said the fund had been set up illegally and that Swaggerty embezzled $9,992 from the fund alone.

The report says Swaggerty altered invoices in some instances to make it appear that personal clothing and other items he bought were for hospital use.

The report lists an additional finding for $975 against Roland D. Olen, acting administrator who had been assistant administrator under Swaggerty. The finding is for "expenses drawn from the (hospital's) operating fund without proper authenticating media."

U.S. Reassures West Germany Over Stand on Reunification

Dulles Policy Shift Feared By Adenauer

U.S. Stands Pat for Time Being on Free Elections, Bonn Told

WASHINGTON (AP). — The United States has reassured West Germany that it is standing pat — for the time being, at least — on the policy of seeking German reunification through free, all-German elections.

Official statements, however, did not rule out the possibility of future revision of this policy.

The West German government of Chancellor Konrad Adenour sought more information after Secretary of State John Foster Dulles told a news conference that free elections were the "natural method" but not the only possible way of merging the two parts of Germany into a single nation again.

Might Be Modified

This was interpreted as meaning that the stand for free elections might be modified if some other practical avenue to unification opened up in prospective negotiations with the Soviet Union.

It is understood that various new ideas relating to the German problem are under discussion in the State Department, even though all in the end could be discarded.

West German Ambassador Wilhelm Grewe and Herbert Dittmann, top-ranking emissary from the German Foreign Office, conferred with Dulles for an hour Wednesday.

Grewe then issued this statement, saying that it had Dulles' full approval: "The secretary reaffirmed that it is the policy of the United States government to seek reunification of Germany through free elections."

White Issues Statement

State Department press officer Lincoln White also issued a statement saying, "There is no change in the United States position of support for free elections as the best and most logical method of achieving a true and workable reunification of Germany."

The Soviets are advocating a German settlement which would demilitarize and isolate that nation as a buffer zone in central Europe.

As Dulles had done earlier, President Eisenhower denounced the Soviet plan Wednesday and called it "an exercise in futility." The Germans are too strong and active a people to accept such a status, he indicated.

But he offered the Soviets "any assurance, any material moves to show that there is no danger from these (German) people and they shouldn't insist on isolating them."

HOMECOMING ROYALTY. Mary Ann Naher will reign as queen when Waldo School observes its annual homecoming Friday night in a basketball contest with LaRue on the home court. Pictured (left to right) in the front row are: Roberta Reiff, sophomore attendant; Miss Naher, a senior, and Sue Plumley, senior attendant. In the back row are Joan Ullmer (left), freshman attendant, and Janet Beyer, junior attendant. Escorts for the queen and her court will be Jim Ward, Dick Klingel, Harry Dutt, Chuck Temple and Bob Bender. The 1958 queen, Jane Fogle, will be escorted by Dan Dunlap. She will participate in the crowning ceremonies during half-time of the game. The crown carriers will be Vicky Chapman and Larry Reiff, second graders. A dance sponsored by the student council will follow the game. Music will be provided by the WYZ Band of Bucyrus.

Postmaster Homer Cole Cited For Dedication of Annex Here

Marion Postmaster Homer D. Cole was presented a superior achievement award by the Post Office Department Wednesday afternoon for conducting the best dedication of a new postal facility in Ohio during the year ending Aug. 31, 1958.

The award, a certificate mounted on a polished oak panel, was presented jointly by Harry M. Cochran, assistant to H. C. Rumble, regional operations director, and Harry H. Hayes, regional suggestions and awards officer, representing the department's bureau of personnel.

Mr. Cole's award was for excellence of the program dedicating the new West Town Station on Park Blvd. on Oct. 24, 1957. It is one of three such awards tendered in this region, which includes Ohio, Indiana and Kentucky. It was the only award made in Ohio.

Mr. Cochran said that in order to merit the award "it was necessary to determine that under Mr. Cole's direction, the Marion Post Office has achieved a good record from the standpoint of personnel, public relations and economy consitent with good postal service."

The postmaster also received a letter from Mr. Rumble citing him as the outstanding postmaster in Ohio.

The letter said many congratulatory remarks were received from local patrons and from Ralph T. Wills, asistant to the postmaster general, and Rep. Jackson E. Betts, both of whom took part in the dedication ceremony.

In his letter, Mr. Rumble wrote: "During your 15 years as postmaster . . . you have guided the expansion of operations from a small office with $250,000 receipts to a large installation of one million dollars per annum and it is most fitting that recognition of your superior achievement be made at this time."

Attending the 30-minute ceremony in the postmaster's office in addition to Mr. Cochran and Mr. Hayes, were:

Mayor Wendell L. Strong; Robert E. White, president of the National City Bank of Marion; Arthur L. Martin, commercial manager of the Marion Broadcasting Co.; Paul A. Courtney, field service officer for this area; J. M. Risley, field service officer for southern Ohio, and members of the post office staff.

Congregation of Presbyterian Church Selects New Officers

New members were elected to the board of elders, deacons and trustees when the annual congregational and corporation meetings of First Presbyterian Church were held Wednesday night.

Elected to serve three - year terms as elders were Harry Lazear, Verne Hart, Ralph Heischman, Ralph Williamson and Donald Almendinger. Russell Butterworth was elected to a two-year term and Judge Edward J. Ruzzo to a one-year term.

Elected deacons for three-year terms were Frank Turner, Robert Higdon, Wayne Butterworth, Harry Ball and Mrs. John Lightner.

Selected as members of the board of trustees were T. L. Hufert, G. C. McCreight and Don Yoder, three-year terms; Robert Kibbey, two-year term, and Max Spencer, one-year term.

The number on the board of elders and trustees was increased by three to provide better representation from the growing congregation. Membership for the elders now stands at 15 and for the trustees, 9.

Re-elected to office by congregational ballot were Henry True, church treasurer, and Russell Dunlap, corporation clerk.

The Rev. Irvin W. Emmons, pastor, presided for the congregational meeting attended by approximately 250. The organizational meeting in which the trustees were elected was conducted by Howard B. Cary, retiring president of the board of trustees.

The pastor's annual report of church activities was presented in colored slides with the Rev. Mr. Emmons as narrator. He entitled the presentation: "The Kingdom of God at First Church."

Among the statistics revealed in his report were the fact that church membership has registered a 10 per cent increase in the last few years. The current membership is 1,370. The minister listed Sunday School enrollment at 717. He presented reports from various church organizations during the congregational meeting. It was preceded by a dinner served in the basement to approximately 150 by members of the Women's Association.

Marion Area Auto Mishaps

A Bucyrus man was injured in one of the two accidents investigated Wednesday in the county by Marion post state patrolmen.

David W. Karg, 19, sustained a bruised chest and had several teeth knocked out when his auto careened into a ditch and struck a power pole along County Rd. 174 one and one-half miles east of Marion, officers said.

Karg's southbound auto was badly damaged in the mishap at 7 p.m. He was cited to appear in Municipal Court on a charge of failure to obey a stop sign.

A Marion woman's car was slightly damaged when it ran into a ditch as the driver was attempting to back out of a driveway along Rt. 23 one-half mile south of Brush Ridge at 6 p.m.

Patrolmen said the northbound auto was driven by Mrs. Helen M. Burkhard, 37, of 610 Polk St.

Delbert G. Darnell, 47, of 279 Rose Ave. was admitted to General Hospital Wednesday night for treatment of a sprained back he received Tuesday after falling out of his auto on County Rd. 66, patrolmen reported.

They said Darnell told them he was attempting to negotiate a right turn when the left door latch of the auto opened, sending him onto the highway pavement.

The mishap, which occurred about 9:30 p.m. Tuesday, was not reported to patrolmen until Wednesday. It still is under investigation, officers noted.

Darnell's condition was listed as "fairly good" at the hospital this morning.

Two Accidents in City

Two minor traffic accidents were investigated Wednesday by Marion police. A car driven by Alfred M. Boggess, 42, of near Prospect struck a parked car in the 200 block of Orchard St. at 7:18 p.m. The parked car was owned by Eldridge Haas of 217 Orchard St.

The other accident caused less than $100 total damage, Marion police estimated.

Traffic Cases

Two traffic cases were disposed of in Marion Municipal Court Wednesday. They were: Allan Archambault, 23, of E. Lansing, Mich., $15 and costs, crossing over a yellow line and George W. Long, 34, of Westerville, forfeited a $50 bond, speeding.

Vandals Break Window

Charles Might of 5 Eckley Dr. reported to sheriff's deputies Wednesday night that someone fired an air rifle into a picture window at his home. He told deputies the window was broken some time after 5:30 p.m. Tuesday.

Marion Native Heading Cuyahoga Charter Plans

William H. Stein, 34, of Cleveland Heights, a former Marion resident, has been appointed executive secretary of the Cuyahoga County Charter Commission.

In his new capacity he will assist the county's commissioners in drafting what may become the county's first home rule charter.

Stein is serving his second term as president of the Cuyahoga County Young Democrats Association and is vice president of the state group. He also is a member of the executive committee of the regular county Democratic organization and heads its speakers bureau. And since June of 1956 he has been village solicitor for Woodmore, a suburb of Cleveland.

A graduate of Harding High School, the young politician earned a bachelor's degree at DePauw University and a law degree at Western Reserve University.

He and his wife and their son have made their home in the Cleveland area since he was graduated from Western Reserve in 1951.

Marion Participating In Civil Defense Alert

Marion will be one of 430 Ohio cities and towns participating today in a nationwide Civil Defense exercise to test the speed and efficiency of national CD warnings of impending attack.

Maj. Gen. Loren G. Windom, Ohio adjutant general and CD director, said there will be no public participation by commercial radio or television stations.

Local officials reported that the extent of the exercise here will be receipt and acknowledgement of the alart mesage that probably will be broadcast by the state highway patrol radio network.

ARABIC CULTURE CENTER

Cairo, the Arab world's largest city, has succeeded Baghdad as the center of Arabic culture, the National Geographic Society says. Cairo's newspapers, magazines, and motion pictures circulate among Arabs everywhere, and its powerful radio stations bombard the Arab world with music and news.

Marion Police Find Car Stolen at Waldo Monday

A car stolen from Waldo after 10 p.m. Monday, possibly by the same person or persons that stole a car from the Short Ford Inc. used car lot here the same night and crashed it into a ditch along Rt. 47 near Waldo, was found Wednesday by city police.

Owned by Dr. Walter McClaskey of near Marion, the car was found parked on a lot at N. State and Quarry St. owned by Chad Hero, operator of a repair garage on E. Mill St.

Dr. McClaskey reported the theft of the car to sheriff's deputies Tuesday morning.

The car stolen from the used car lot here went off the road on Rt. 47 and struck a power pole and fence about 11:20 p.m. Monday.

Deadline Set By Assembly In Bill-Filing

March 5 Final Date For Introduction of Legislative Proposals

COLUMBUS, Ohio (AP)—Ohio's lawmakers have decided to set a March 5 deadline on the introduction of bills in this session. That's seven weeks from today.

By the time that date rolls around, possibly 1,500 proposed laws could be before the Senate and House.

As the Legislature wound up its second straight short work week Wednesday, the total of bills introduced reached 71.

It is likely that hearings on these and other bills will get under way the week beginning Jan. 25.

Lively Controversies Brewing

Bills already in the hopper indicate a session of lively controversy.

Rep. B. A. Broughton (R-Geauga) proposes to prohibit public school teachers from wearing religious garb in the classroom. Former Atty. Gen. William Saxbe ruled just before the November election that Catholic nuns employed in public schools could wear the garb of their order in classrooms. The ruling drew a number of protests from Protestant groups.

Additional Proposals

Rep. Thomas J. Barrett (D-Mahoning) proposes to repeal the law which permits local option elections on the sale of 3.2 beer.

Rep. Richard B. Metcalf (R-Franklin) wants to establish under state law an offense of aggravated assault carrying a one-to-five-year penalty. Metcalf also wants to establish severe penalties for assault on a child under 16.

Rep. Ethel G. Swanbeck (R-Erie) wants to make it illegal to kill or wound another person's dog for trespassing.

Rep. Edward W. DeChant (D-Lorain) wants industrial machinery and equipment permanently fixed at its location listed as real estate for taxation purposes rather than personal property.

Two Cincinnati Republicans, Reps. Robert F. Groneman and Robert F. Reckman, proposed admission and parking permits be sold for state parks to provide money for improvements. They would set a one-day charge at 50 cents and a season permit at $2.50.

Labor-Management

(Continued from Page 1)

An advocate of "the less government interference there is in private enterprise, the better," Mr. Gross said that the committee serves to help labor and management in Toledo work out their own problems. At the same time the LMC maintains "excellent relations" with the U.S. Mediation and Conciliation Service and does not compete with it, he said.

In the 13-year course of its history since the war, the Toledo group has helped avert some 190 strikes in industries of all sizes, he said.

—:—

IN OTHER phases of its operation, the organization encourages education of labor and management representatives at institutes and at regular courses offered by the University of Toledo.

There are now 30 regular members and 18 associate members from labor, management and the general public.

Asked how large an organization Marion would need, Mr. Gross said that was a problem for Marion to work out on its own; but said he felt a study group of 10 or 12 could come up with a suggestion best suited to Marion's needs.

He also said, in answer to another question, that similar labor-management - citizens groups are in existence, to the best of his knowledge in Stamford and Greenwich, Conn., Louisville, Ky., Wilkes - Barre, Pa., Newark, N.J. and New York City.

Denver, Colo., also tried the plan but failed to make certain first that substantial segments of management, labor and the general public wanted such a committee, he said. The Denver council failed in about two years, he said. He again urged extreme deliberation and caution in organizing such a committee, if it is to be a success.

—:—

IN ADDITION to serving as a local mediation service, the Toledo group also will conduct union elections in intra-state industries when asked to do so by both sides; will act as a fact-finding agency, fosters an education program and serves as a communications channel, he said.

Possibly the most important benefit is that through LMC, the representatives of labor and management can improve their techniques for getting along together, he said.

Following the talk, Mayor Strong said he would not at this time ask those attending the meeting if they wanted to go ahead with the idea of organizing a similar committee here.

He suggested that they go back to their respective plants, businesses or homes and discuss the plan with others, then write, telephone to him or meet with him to report their desires. "If I can be of help in any way please call upon me," he concluded.

Pool

(Continued From Page 1)

was built for children.

Other improvements at the site include the erection of a fence around the pool and the nearby playground and the leveling of a large area that will be sodded for a sunbathing area.

Mr. Robbins said that both his committee and the park board urge Marion residents to take a drive through Lincoln Park to stop and inspect the new pool "just to see what we have." He noted that the park entrances are not closed.

The only thing needed to complete the pool facility is a bathhouse, and both the park board and council committee are hopeful that this needed addition will be built before Memorial Day or at least before the end of this summer.

Mr. Robbins said that several methods of obtaining money for the bathhouse are being studied.

Prior to the opening of the pool, a manager, assistant manager, bookkeeper and ticket seller and necessary lifeguards will be employed, Mr. Robbins said. These positions already have been created by legislation adopted by council.

Attending the meeting last night were: Mr. Robbins, Robert Kelly, immediate past chairman of the park board; Joseph Galloway, newly elected chairman of the board, and Ralph Williams (R-4th) and Mrs. Norma Jacob (D-5th), both members of the swimming pool committee.

Dog Show Planned

Final arrangements for the 10th all-breed dog show to be held Sunday, Jan. 25, will be discussed tonight by the Marion Kennel Club at a meeting in the West Town Bank community rooms. Reed Ours, publicity chairman, said the meeting will start at about 8:30.

Woman Injured in Fall

Mrs. Ruth Bindley of 636 E. Center St., a secretary for the National City Bank, apparently suffered a fractured right wrist about 9:30 this morning when she fell in the county Courthouse.

She was expected to have the wrist X-rayed by a local physician to ascertain the exact nature of the injury.

Realtors Told Strong Group Is Major Need

The need for a strong local association was outlined for members of the Marion Real Estate Board Wednesday by Richard H. Eggers, field secretary for the National Association of Real Estate Boards.

Guest speaker at the local board's noon meeting in the YMCA, he urged the members to be civic-minded and take part in community activities whenever possible.

Mr. Eggers said real estate men should keep informed and be willing to learn new ideas by attending all state and national board meetings possible, and by participating in local workshop meetings.

After the meeting, he installed the board's new officers for 1959. They are:

Harry F. Kaelber, president; John Hill, vice president, and Lowell Douce, secretary - treasurer. Trustees are James Culver, Joe Davis, Howard Slack, John Goyer, Mr. Hill, Wilson Jones and Aulton Cook.

Harold C. Cook is a director on the state board, James Culver is state convention chairman and Clark Metz, Mr. Hill and Paul Hoch are members of the evaluation committee.

Mr. Kaelber presided at Wednesday's meeting. The speaker was introduced by Mr. Douce.

Dog Tag Deadline Arrives Tuesday

County Auditor Maurice C. Clements said today he will keep his office open until 4 p.m. Saturday to handle dog tag sales.

As of this morning, 2,611 tags had been sold, about half the number the office expects to sell before the deadline next Tuesday at 4 p.m. Last year, 5,436 tags were sold before the deadline.

Persons applying for dog tags after Tuesday will be subject to a $1 penalty, Mr. Clements said.

Fire Reports

(Wednesday)

1:54 p.m. to 178½ S. Main St., residence of Gene Williams, where the top of a mattress and the head of the bed burned from a discarded cigarette. Firemen of the Central Station answered the alarm and estimated damage at $75.

6:45 p.m. at 131½ S. State St., residence of Mrs. Mary Harmon, where an overheated French fryer caught fire. The damage was estimated at $25 by Central Station firemen.

Pleasant Battles Prospect in Bid for County Title

Pandas Hold Lead After Bulldogs Lose

For the first time this season, the Marion County Basketball League has one team that must be rated a solid favorite to capture championship honors.

Coach Stan Kirby's Panda quintet, all alone at the top of the standings ladder with a sparkling 5-0 record, is definitely "the team to beat" in the pending drive for the wire.

All 10 teams in the loop are slated for action Friday night. What should have been perhaps the "game of the year," a conflict between Prospect and Pleasant in the Coliseum, had some of its lustre rubbed off last week when Green Camp handed previously undefeated Prospect a 59-55 overtime loss, blasting Coach Fred McCumber's Bulldogs out of a first place tie with Pleasant.

MARION COUNTY LEAGUE

	W.	L.	Pct.
Pleasant	5	0	1.000
Ridgedale	4	1	.800
Prospect	4	1	.800
Green Camp	4	1	.800
New Bloom.	2	3	.400
Caledonia	2	3	.400
Claridon	2	3	.400
Martel	2	3	.400
Waldo	0	5	.000
LaRue	0	5	.000

—:—

THE BULLDOGS played without the services of both Dave Lauer and Howard Mosher. Mosher, tallest man on the quintet, was lost to the squad for the season when he fractured a foot the previous week in a double overtime victory over Fredericktown.

The Panthers also were weakened for the clash, playing without the services of scoring ace Jim Jordan who has been sidelined for the last two weeks.

Consequently, although the Pleasant-Prospect battle still rates as a good one, the Pandas will go into the fracas as the favorites.

In other action in the league, Green Camp travels to Martel, Caledonia will be at New Bloomington, LaRue plays host to Waldo and Claridon journeys to Ridgedale.

As things stand now, Pleasant, in the top spot, is trailed by Ridgedale, Prospect and Green Camp, all deadlocked for second with 4-1 records. New Bloomington, Caledonia, Claridon and Martel have identical 2-3 marks, while Waldo and LaRue share the basement with 0-5 tallies.

Clearly, the title chase is still wide open for at least the three teams with the 4-1 records. It is highly unlikely that the quintets that have already dropped a trio of loop encounters will seriously challenge the current front runners.

With Mosher out of the Prospect lineup, the Bulldogs may have a tough time staying ahead of both Green Camp and Ridgedale. Of the latter two, Coach Bill Phillips' Ridgedale cagers look the stronger.

—:—

THE ROCKETS lost their first game of the season to Prospect by a 68-53 count. Since then they have rolled over Waldo, Caledonia, New Bloomington and LaRue. In the LaRue struggle a week ago, Phillips' boys poured 101 points through Cardinal hoops.

Ridgedale should take Claridon Friday night, although the Hornets of Allen Augenstein are capable of rising to an occasion. They did just that two weeks ago, scaring the daylights out of Pleasant before losing by a one-point 64-63 count.

Green Camp is expected to chalk up victory No. 5 at the expense of Martel. Coach Dale Kinsell's Panthers, fresh from having dumped the mighty Bulldogs, should have enough steam left to cool the ardor of Paul Zwayer's Eagle five. Green Camp's only league loss was to Pleasant by a 68-61 score. The Panthers have clawed New Bloomington, Claridon and Waldo, besides Prospect.

Martel, with defeats at the hands of Prospect, Pleasant and Caledonia, has registered victories over LaRue and Waldo.

Prospect, in spite of personnel losses, is expected to substitute a good deal of desire in its clash with arch - rival Pleasant and a Bulldog victory would not leave too many fans hanging on the ropes.

The New Bloomington-Caledonia game pits quintets with identical 2-3 records together, and "someone has got to go."

The Rams of Jim Coffman will have the advantage of a home court and a partisan crowd, but otherwise the action rates as a toss-up and, for that reason, perhaps a real barn-burner.

NEITHER THE Rams nor the Scots of Coach Joe Green have posted their victories over illustrious opponents. New Bloomington

CAGERS OF MOUNT GILEAD. This has been a good year thus far for the basketballers of Mount Gilead. Coached by Len Walls, the Indian hardcourt crew has won 7 games and lost 2 over-all and is tied with Olentangy for the Mid Ohio Conference lead with a 2-0 mark. Members of the high-flying Indian squad are (left to right, front row) Dave Williams, manager, Bob Campbell, Larry Kelly, Ron Callahan, Mike Zwayer, Tom Harden and Bill Fath. Back row: Jim Rutherford, George Todd, Roy Johnson, Denny Blose, Bruce Beard, Larry Brown and Coach Walls.

Moore Guest Of Honor for Boxing Dinner

NEW YORK (AP) — Archie Moore gets up once more tonight to accept the Edward J. Neil award from the Boxing Writers Assn. as the "fighter of the year" for 1958.

Old Archie, whose age had been estimated at 42, 45 and 49, won the award because of the way he kept getting up the night of Dec. 18 in Montreal. That was the night Yvon Durelle dropped him three times before Archie finished the Canadian in the 11th round.

The world light heavyweight champion, equipped with a Castro-type beard, will be flanked by his manager, Jack (Doc) Kearns who also is being honored.

Moore gets the Neil award, named in honor of the former Associated Press boxing writer who was killed in 1938 while serving as a war correspondent in Spain. Kearns gets an "in appreciation" award for his many interesting years in boxing.

Browns Sign Pair

CLEVELAND (AP)— Two tackles picked by the Cleveland Browns in the late rounds of the 1957 National Football League draft have signed contracts with the club. They are Gene Cockrell, who was graduated from Hardin Simmons in 1957 and spent last season with Saskatoon in the Canadian League, and Francis Troza, who will be graduated in June from West Virginia.

Former Marion Catcher

Ed Sadowski Among Top Rookie Crop With Red Sox

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — It is quite possible that the Boston Red Sox will present a new pitching and catching staff in 1959 as Manager Mike Higgins prepares for the big experiment this year.

Higgins has four of the youngsters regarded as the best pitching prospects in the Red Sox organization. They are righthanders Jerry Casale and Bill Monbouquette and lefthanders Ted Bowsfield and Frank Baumann.

Second of a Series

Casale, 25, a native of Brooklyn, was released by the Army last September. He spent the last couple of weeks of the campaign with the Red Sox.

He won 19 games for San Francisco, then in the Pacific Coast League, before entering the service and was the top prospect in the Boston chain. He appeared in two games last fall in relief and did not allow a run in the three innings he pitched.

Signed at 17, Casale was given a $20,000 bonus in 1951 and the Red Sox think he now is ready to pay dividends.

Bowsfield and Monbouquette were brought up by Boston after the All-Star game in 1958. Bowsfield, 23, won four games. Monbouquette, 22, won three and lost four. Higgins thinks both now are ready.

This is the last chance for Baumann to make the grade. He was shipped to Memphis in the Southern Assn. late last spring where he won eight and lost three for a second-division club. Boston paid him an $80,000 bonus in 1953.

Other rookie pitchers include Ted Wills, Arnold Earley and Tom Borland, all southpaws.

There will be five new catchers, not counting Haywood Sullivan, in camp. The latter looked like he

Bluth Fighting Bowling Jinx In Title Drive

BUFFALO, N. Y. (AP) — Ray Bluth of St. Louis leads a field of 16 qualifiers into the four-day All Star Bowling finals starting today.

And with him goes a jinx as old as the tourney, now in its 18th year: No semifinal medalist has ever won the grueling round-robin finals.

Bluth felled a record 7730 pins in 36 games for an average of better than 214 in the elimination and semifinal rounds. He broke a record of 7630 held since 1950 by Chuck O'Donnell, his teammate on the St. Louis Budweisers.

In the finals, each contestant bowls four matches a day through Sunday. Both men and women roll four games in each duel. By late Sunday, each of the finalists will have met all the bowlers in his respective division.

The finals field of each division is composed of the top fourteen scorers from the semifinals plus the defending champion and runnerup from last year's All Star.

RIDGEDALE JUNIORS WIN

It was incorrectly reported in Wednesday's edition of The Star that Marion Catholic Junior High School defeated Ridgedale 33-31 last week in an overtime contest. The Ridgedale cagers won the contest.

Goal Posts Widened

Substitution Rule Eased for Football

LOS ANGELES (AP) — College football in 1959 will have the "wild card" player to follow the famous "lonesome end" of 1958.

The "wild card" player will be a substitute who can re-enter a game as many times as his coach chooses, provided he goes in when the game clock is stopped.

The player could be a key quarterback, a kicking specialist or perhaps a guard carrying instructions from the sidelines.

More Scoring Expected

As a result of rules changes, games should be more wide open, higher scoring and crowd-pleasing.

Such was the hope today of the men who write and rewrite the rule book, the National Collegiate Rules Committee. Their major changes, announced Wednesday after a three-day meeting:

1. Relaxation of the substitution rule.

2. Widening the goal posts—for the first time in the history of the game — from the present inside-the-post distance of 18 feet 6 inches to 23 feet 4 inches, or the outside distance of 19-2 to 24. The posts remain 10 yards back of the goal line.

3. Revisions of penalties, including infractions on tries for the extra point.

Unchanged was the two-point conversion rule.

Acting Chairman H. O. (Fritz) Crisler, serving as head of the committee for the 10th year, said there was considerable sentiment against a return to the two-platoon system.

He explained the "wild card" player, as in a poker game, this way:

Clock Must Be Stopped

"If only one eligible substitute enters the field while the clock is stopped, he will not be recorded as an entry except during an excess time out, such as when a player is hurt.

"However, if more than one substitute enters the field between downs, each sub will be recorded.

"Basically, we are keeping the rule of last year. But it will allow a team to get a man into the game when the clock is dead."

Another change increases the number of times out per half from four to five.

Boston Seeks Rematch for Moore, Durell

BOSTON (AP) — A rematch of the sensational title fight between Champion Archie Moore and Yvon Durell may be headed for Boston Garden in late spring or early summer.

Montreal promoter Eddie Quinn called Boston a "very probable site" Wednesday at a luncheon with Massachusetts boxing officials, writers and other guests.

"Boston can have the fight if we think it can draw — and it looks like it would right now," Quinn said.

Quinn said he would like to bring the light heavyweight championship bout here because of television tax troubles in Canada.

He explained that a five per cent tax was levied on U. S. television receipts — and the case still is before the courts—for the fight in which Moore survived three first-round knockdowns and retained his title by knocking out Durell in the 11th round.

Quinn predicted that a Boston bout would draw far more at the gate than the some $90,000 paid for the Montreal fight last month.

Giants Sign Three

SAN FRANCISCO (AP) —Three catchers signed 1959 contracts today with the San Francisco Giants.

Bob Schmidt, Hoble Landrith and Al Stieglitz were the first Giants to ink pacts this year. Terms were not made public.

Will Play in Canada

BLUFFTON, Ohio (AP)—Elbert Dubenion, Bluffton College halfback and an All-Mid-Ohio Conference choice last season, has been signed by the Saskatchewan club in the Canadian Professional Football League. The 23-year-old senior graduates this summer.

OWU Cagers Rally To Deal Muskingum First Setback

By The Associated Press

Three more Ohio college basketball teams have fallen from the unbeaten list in their respective conferences.

The three which Wednesday night suffered their first loop defeats this season are Wilmington (now 4-1 in the Mid-Ohio Conference), Ohio Northern (2-1) in the Mid-Ohio) and Muskingum (4-1 in the Ohio Conference).

Ron Kalb scored 26 points to lead Bluffton to a 74-69 victory over Wilmington. Ohio Wesleyan, with only a one-point advantage at halftime, turned on a second half scoring spree to down Muskingum 90-71. And Defiance, never behind after taking a 20-18 lead, whipped Ohio Northern 68-59.

In other conference action:

Wittenberg chalked up its sixth straight Ohio Conference victory, 92-52 over Denison. It was Wittenberg's 24th straight win at home over a three-season span.

Mount Union registered its 14th consecutive victory over Hiram, 82-70, in another Ohio Conference game.

Bowling Green rallied from a 44-38 halftime deficit to beat Toledo 72-64 in a Mid-American Conference game.

Outside the conferences, there were these battles:

Dayton beat Xavier 60-56.

Undefeated Case Tech won its eighth straight, downing Wooster 73-69.

Youngstown recorded its 13th straight home court win, 106-82 over Baldwin Wallace.

Akron thumped Western Reserve 93-52.

SHORT SPORTS

By John Short

Woody Hayes has never been recognized as a soft - spoken individual and he was his usual entertaining and interesting self here Tuesday night.

SHORT

Speaking at a Lions Club appreciation dinner for Coach Gordon Larson and his Harding High School football team, Hayes defended amateur athletes against all assailants.

"They are not being exploited," he said of his Ohio State football charges. "They are being well paid with a good, well-rounded education." Hayes cited figures from a national survey showing average earnings in the business and industrial world are hiked $25,000 for each year of college training.

In view of OSU's yearly grid attendance, Hayes admitted football possibly could be termed big business. "But," he said, "the stockholders are all the students on the campus."

Football receipts have enabled OSU to construct the finest collegiate golf course in the country as well as the top arena and field house, he said. The income from grid games also brought about the construction of the OSU natatorium and provides equipment for the extensive intramural sports program on the campus.

"Our players get paid but certainly not in money," the Buckeye coach said. He cited the Big Ten rule limiting grant-in-aid payments to $1,500 a year to athletes. Their No. 1 reason for being at Ohio State is education, not football, he said. "We make sure they all know why they are there," he insisted.

Charges Dropped

COLUMBUS, Ohio (AP) — Municipal Judge Horce Stoop dismissed charges Wednesday against six persons accused of violating a state law banning certain types of sales on Sundays. He dismissed the charges after the city prosecutor said off-duty policemen who assisted in the arrests had been paid by the Columbus Retail Merchants Assn.

Ray Awarded Decision After Opening Spurt

CHICAGO (AP) — Sonny Ray, with a smashed right hand, and Roque Maravilla, who was in a blackout for seven rounds, went through the motions for 10 rounds Wednesday night.

Ray, the fifth ranked light heavyweight contender, gained a unanimous decision in the Chicago Stadium nationally televised bout.

Ray tagged his Boise, Idaho, opponent with a long right with the first punch he threw in the first round. Maravilla, making his TV ring debut, staggered. A left and another right floored him.

Maravilla came out after taking a nine count, covered up well and weathered it. From then on until the last two rounds, they pumped ineffective shots at each other mostly along the ropes.

Most of Maravilla's action came in the final two rounds, after he found out where he was.

"I didn't remember anything after being knocked down until the end of the eighth round," The 22-year-old former Golden Glover said.

Ray's right hand was swollen badly and X-rays were to be taken to see if there were any broken bones.

"I hit him so hard in the first round I might have broken it," said the 23-year-old Chicagoan.

Judge Frank Clark scored it 48-43 under the five point must system. Judge Lou Capparelli had it 48-42 and Referee Bernard Weissman 47-44. The Associated Press favored Ray 47-44.

Joe Cronin Will Accept Post as President of AL

CHICAGO (AP) — Joe Cronin, one of baseball's most celebrated stars, unofficially has been crowned president of the American League.

An American League screening committee agreed Wednesday that the 52-year-old Cronin should succeed Will Harridge as president of the major league's junior circuit, effective Feb. 1. Harridge, 73, resigned last month.

Cronin is general manager of the Boston Red Sox.

His formed acceptance of the league presidency is expected to be approved at a club owners meeting in New York Jan. 31.

Cronin met with the screening committee. He said he was not interested in becoming league president unless certain conditions were met. They were.

The conditions included moving the league office from Chicago to Boston, but retaining a branch office in Chicago.

The branch office would be in charge of Will Harridge, who resigned as league president after 27 years in office.

Still to be confirmed at the Jan. 31 meeting was Cronin's request for a five-year contract at Harridge's salary—$50,000 a year with a $15,000 expense account.

Bucky Harris Top Choice for Cronin's Post

BOSTON (AP) — Stanley R. (Bucky) Harris, 62, a veteran of more than four decades in baseball, appeared the top choice today to succeed Joe Cronin as general manager of the Boston Red Sox.

Harris, ousted as Red Sox manager when Cronin was purchased for $250,000, plus shortstop Lynn Lary, in 1934, has been serving as a special assistant to Cronin and owner Tom Yawkey the past two years.

A former infielder, Harris has managed the Washington Senators, Detroit Tigers, New York Yankees and the Philadelphia Phillies in addition to the Red Sox during his long career.

Nation's No. 1 Team Falls in Overtime Play

By The Associated Press

A kid from Pittsburgh clicked on a layup off a pretty pass from a kid from Brooklyn, then another Brooklyn crewcut flipped in two free throws...all within 22 seconds.

It wiped out a top-notch performance by two boys from Philadelphia, two from scattered points in Indiana, and another from Dorcester, Mass.

An all-star game?

Nope, just a neighborhood brawl in Raleigh, N.C. Wednesday night as North Carolina whipped top-ranked North Carolina State 72-68 in an overtime college basketball thriller.

13,000 Watch Game

Coaches Frank McGuire and Ev Case, a couple of leading proponents of interstate travel, had themselves another wingding while 13,000 watched at Raleigh's Reynolds Coliseum.

When it was over, Brooklynite McGuire had indicated to Indianan Case and the basketball world that he's ready to put in another bid for the kind of national championship honors he bagged with his Yankee Tar Heels two seasons ago.

N.C. State, just voted into the No. 1 spot in the weekly Associated Press poll, led most of the way until Tar Heel Ray Stanley (Brooklyn) scored a field goal and two free throws to send the game into overtime at 63-all.

Win in Overtime

With the score knotted 63-all and 22 seconds remaining, Lee Shaffer (Pittsburgh) took the perfect feed from Doug Moe (Brooklyn) for the winning layup. In the last second, Harvey Salz (Brooklyn) wrapped it up with a pair of free throws.

Dayton, using its five iron men for the second straight game, ran its record to 10-3 with a 60-56 victory over Xavier of Ohio. St. Joseph's (Pa.) made its mark 10-2 by topping St. Francis (Pa.) 82-66, and Virginia Tech, now 9-2, swamped Davidson 91-70 in other feature games of the Wednesday program.

Rookie

(Continued From Page 17)

was ready to take over a regular job last spring when he injured his back and had to undergo major surgery.

The best of the newcomers may be Jerry Zimmerman, who was supposed to be a $100,000 beauty when the Red Sox signed him out of high school five years ago. This past season at Minneapolis he was understudy to Ed Sadowski, another Boston rookie. He played here with the Marion Red Sox.

Sadowski, a pull hitter, batted .262 and hit 15 home runs while Zimmerman hit .256 with only two homers. But Zimmerman became the fair-haired lad, as the Millers won the Little World's Series.

Another hot prospect is Don Gile, who hit 24 homers and knocked in 84 runs for Allentown in the Eastern League: Jim Pagliaroni, another big money bonus boy, batted .227 at Memphis and .255 at Allentown. Joe Thies comes from Raleigh, N.C., where he batted .292 with 10 homers.

Elijah Gerry Green, who prefers to be called "Pumpsie," may become the first Negro to make the grade with the Red Sox. A 24-year-old shortstop, he batted .253 at Minneapolis where he was regarded as one of the outstanding defensive infielders in the minors.

Pumpsie may make it as a utility man as he can play any position in the infield.

300-Man Field Opens Play in Crosby Event

PEBBLE BEACH, Calif. (AP) — Golf's glamour-boys, heartened by good news from the weatherman, hit the trail today in the first round of Bing Crosby's $50,000 National Pro - Amateur Tournament.

The forecaster predicted clear skies through Friday — and possibly Saturday — for the double-edge tournament played over three lush courses bordering the Pacific.

The 300-man field, 150 teams, starts on Pebble Beach, Monterey Peninsula or feared Cypress Point, the 6,317-yard layout. Par for the course is 37-35—72. Sheltered Monterey goes 6,246 in 35-37 and Pebble Beach is 6,701 with par 36-36.

The weather broke only Tuesday, leaving the courses damp for the first day's play.

The teams rotate over all three courses for three rounds.

The final round for the top 40 teams and 60 low pros is scheduled Sunday at Pebble Beach.

The amateurs, all handicapped by Bing himself, don't keep score. It's strictly a best ball event.

You find glamor galore among both the play-for-pay and the simon pures. Favorites to cop with $4,000 top money include last year's champ Billy Casper, local favorite Ken Venturi, and Ernie Vossler. Venturi won the Los Angeles Open, first event of the new year, and Vossler took the second, the Tijuana Open.

Top pro in the team competition picks up $2,000, a prize won last year by Jay Hebert, who plays again with Los Angeles attorney Roger Kelly. Kelly also was a pro-am champ in 1947.

The entertainment world is represented by 21 performers including Phil Harris, Jim (Maverick) Garner, Johnny Weismuller, Don Cherry, Ray Milland, Fred MacMurray, Dean Martin, Bob Crosby, Gordon MacRae, Desi Arnaz, Ray Bolger and John Raitt. Bob Hope cancelled because of illness.

The sports world is represented by Jackie Jensen, Ernie Nevers, Frank Albert, Allie Reynolds, Bill Rigney, Ralph Kiner and Pete Elliott.

MCI Wins 62-49 Romp Over Wyandot Cagers

The Marion Correctional Institution's cage squad rolled to a 62-49 victory over Wyandot Vaults of Upper Sandusky Tuesday night.

Jumping into an early lead the Hornets of Coach Bill Coder were never headed. They held a 16-8 margin after the first quarter and were out front 32-31 at the half. They carried a 54-31 cushion into the closing period.

Nine cagers broke into the scoring column for MCI with Byrd setting the pace with 16. Mannon added 14 and Posey netted 10. Orians was big gun for the losers with 24 markers.

The Hornets will play host to Wilson Auctioneers tonight.

Cage Race

(Continued From Page 17)

has prevailed over LaRue and Waldo, while losing to Green Camp, Ridgedale and Claridon. Caledonia, with wins at the expense of Martel and LaRue, has been walloped by Claridon, Ridgedale and Pleasant.

Finally, there is the LaRue-Waldo game and the only thing to be decided here is which of the pair will retain residency in the league's cellar.

Waldo has lost to Pleasant, Ridgedale, New Bloomington, Green Camp and Martel. LaRue has fallen to Martel, New Bloomington, Prospect, Caledonia and Ridgedale.

If Pleasant clips Prospect in the Coliseum it's bye bye Bulldogs as far as the crown is concerned. If Pleasant falls; the two rival cage titans will be deadlocked once more. But, they'll have the company of Ridgedale or Green Camp or both, provided the latter win their games with Claridon and Martel respectively. Thus the prospect of a four-way tie for the loop lead is far from remote.

Mikoyan Set Straight

Labor Chieftains Speak Bluntly to Soviet Deputy

By VICTOR RIESEL

The gentleman entering the lobby tipped his hat to the lady. That was no lady. That was my sister. That was no gentleman. That was Anastas Mikoyan. He let the elevator door slam in her face without passing on any exclusive statements for me. Then up to the top of the union building he went.

VICTOR RIESEL

More doors closed — on what became the roughest 2½ hours Russia's second-in-command has had since he shot down Hungarian children in Budapest streets.

The inside story of that visit must be told. It might prove to the nation's capitalists that you've got to rough up a Russian diplomat if you want his respect.

Smooth his red feathers and he'll recall privately that Nicolai Lenin once said that when "we Communists are ready to hang the capitalists, they'll try to outbid each other for the sale of the hemp to us."

The Mikoyan visit to the national headquarters of the International Union of Electrical Workers, led by Jim Carey, began with the Soviet deputy premier reminding the seven labor leaders that he started life as a trade unionist.

—:—

THERE WAS some polite conversation. Then Walter Reuther and Jim Carey told Mikoyan bluntly the Russians were way off beam in their anti-capitalist propaganda.

Reuther said, in effect, "You've been using the same old capitalist exploitation propaganda for 50 years. Why don't you change your text books? Why aren't you people realistic?

"You talk about exploitation of our workers by large corporations like General Motors. Well, here we have the right to battle GM. And we do.

"Your unions are nothing but production speedup units. We buck GM. Our workers have an average income of some $5,000 a year. We have old age pensions, welfare, hospitalization and fine vacations. You're all wrong. Come off it."

Mikoyan said, "Well, we may be wrong."

Jim Carey then told him how much American labor has progressed since the comrade deputy premier was here in 1936.

"Look around you at this trade union headquarters," Carey said. There are lots of them nearby in Washington.

"We aren't exactly bleeding in the streets, are we? Yet you continue to use the propaganda of big, fat-bellied capitalists with dollar signs on white tuxedo vests. We've come a long way in America."

—:—

MIKOYAN REPLIED that he was delighted to see that labor's influence was growing in the U.S. "But why is there no labor party here?" he asked.

Mikoyan's gray face went snowflake white when Carey chortled, "Why is there no capitalist party in Russia?"

It was Joe Beirne's turn. The leader of the Communications Workers told Mikoyan that American labor was behind U.S. foreign policy in such emergencies as Berlin.

He wanted the visiting Russian to know that the U.S.S.R. couldn't divide America's forces simply by attacking Secretary of State Dulles or President Eisenhower. True, many times labor did not agree with the administration. "But," said Joe Beirne, "we in America have the machinery to try and change policies and presidents. Where is it in Russia?"

Somewhere along in there Mikoyan, with a glazed politeness, said that there are no political prisoners in Russia. That anyone can speak up. There are no slave camps. The people are not prosecuted. The American labor leaders could come and see for themselves.

—:—

THE REPLY came from the Letter Carriers' Bill Doherty. Could he see Siberia, too? Mikoyan grimly said, "Yes."

Reuther and Carey then hit Mikoyan on all the "crisis bargaining" the Russians love to use. Reuther warned of the capacity of both countries to destroy the world with the new technological warfare. Both nations should be engaged in a common war against hunger, disease and illiteracy.

Mikoyan then said swiftly that the Soviets want no war, which is an immoral way of settling differences.

Reuther retorted, "It is easy for the Soviet Union's diplomats to agree on pious phrases while in America. But the Russians never apply it throughout the world."

On the way out Mikoyan did not tip his hat to the lady (she really is) in the lobby. He was eager to head for some capitalists who, he said later, "really understood him."

Month's Rest Is Ordered for Billy Graham

ROCHESTER, Minn. (AP)—An eye ailment will force Billy Graham to take a month's rest and then curtail his future activities, says the evangelist's personal physician, Dr. Kenneth Gieser of Chicago.

Dr. Gieser said Wednesday night he and Mayo Clinic specialists had confirmed that Graham was suffering from a spastic swelling of blood vessels back of the retina of the left eye, cutting sight of that eye by about 50 per cent.

Grady Wilson, a Graham associate, said the minister would take the rest ordered by the doctors after remaining here the rest of this week for further examination and treatment.

Wilson said the evangelist was still planning on the Australian revival crusade, with its start set back to Feb. 15. Where Graham would spend the month's rest has not been decided.

New Chief Engineer

COLUMBUS, Ohio (AP)—Joseph M. Unger of Dayton has been named chief engineer of Division 8 of the State Highway Department. Division 8 embraces Hamilton, Clermont, Butler, Warren, Clinton, Montgomery, Preble and Greene Counties. Unger, 53, has been the division's engineer of tests.

'Flue' Blamed

LEXINGTON, Ky. (AP) — Mrs. Emma Little's winter-long ailment has been diagnosed as the flue — with an "E."

Doctors had examined her but failed to turn up the cause of her headaches, nausea, loss of weight and weakness.

Then they found that people who visited her got sick, too.

A check of the furnace showed the flue leaking carbon monoxide into the house.

Now the flue is all right and Mrs. Little is getting better.

Woman Chieftain

MESCALERO, N.M. (AP)—Geronimo's people have a woman chieftain.

Mrs. Virginia Klinekole has been elected president of the Mescalero Apache tribal council.

She is the first woman ever to head the Mescaleros.

Radio and Television

John Daly Writes for Marie Torre

Because Marie Torre refused to reveal the source of a news item that appeared in her column, she was sentenced to 10 days in jail. While she was away, her friends in television wrote guest columns. This one is by John Daly, vice president in charge of news, special events, sports and public affairs for the American Broadcasting Co.

By JOHN DALY

After talking endlessly for 7 straight days because the New York newspapers weren't around, it seems I'm to do a little more talking now because they're back.

Like everyone else in our highly literate city, I've been reveling in papers for the last two weeks, drinking in the AMs and the PMs and the Saturdays and the Sundays like a man with a thirst.

And the remarkable part of it is I haven't felt disloyal to my own medium of television and radio news in the least. Let's talk about that paradox for a moment.

-:-

THE NEWSPAPER strike has exploded, once and for all, the never - very - sensible argument that broadcast news, with its speed - of - light transmission, eventually would replace the poor old daily paper and its antiquated high-speed rotary press.

That argument first reared its fuzzy head along in the mid-1920s, when commercial radio, just beginning to feel its oats, was working into the field of news reporting. And some of the newspapers panicked, refused to run radio listings, tried to pretend that if they just ignored broadcasting it would go away.

Well, it didn't go away. And the funny thing was, the newspapers didn't go away either. On the contrary, publishers found their circulations growing, as listeners were stimulated to buy more papers. We'll talk about that unexpected stimulus in a moment.

Now, all that may sound like ancient history, but, like any self-respecting history, it repeated itself — this time in the late 1940s. The spectre now: Television.

-:-

ONCE MORE some of the less far-sighted newspapers tried to ignore it; once again the cooler heads didn't even put up a fight. Instead, they repeated a tactic developed in the early days of radio; they began running regular features and listings of TV broadcasts.

As public interest in the fabulous electronic infant grew, they added TV pages.

Yet until the strike, I suspect that there were few newspapermen indeed who didn't suspect the broadcast side of removing readers from the newsstands and bread from their mouths.

That's over now. The press knows at last what the public and the TV-radio newsman has known for a long time: There's no substitute for a newspaper. (There's no substitute for TV-radio news either, although I hope we don't have to go off the air for 17 days to prove it.)

-:-

BUT THE PRESS still must face a few home truths about its function in an electronic world.

The newspaper that thinks it can "beat" us with news is kidding itself. No paper in the world can get an extra on the street in much less than an hour — and the economics of an extra are terrifying. But I can get a bulletin on the air, inexpensively, in seconds.

The great lesson of the newspaper strike is that after I read the bulletin, people are going to want to read two or three columns of print about it in the newspapers.

The point is, you see, that we've got the speed, but you've got the room. It would take us an entire Sunday to broadcast the Sunday Herald Tribune. Of course it's physically impossible to speak as rapidly as the listener can read; reading speeds are many times faster.

There's an important retention factor, too; having it down in black and white means the reader can skip around a story, reread a paragraph here, absorb an astronomical figure about taxes or moon rockets there. He can put the paper down and come back to it; he can select which particular stories he wants to read.

-:-

IN OTHER WORDS, we don't compete. At our best, in fact, TV-radio and the press mesh so perfectly that the American people are by far the best informed in the world — which, like the truism that he's a jolly good fellow, nobody can deny.

We go for speed in America; we like to hear our news seconds after it happens. We like immediacy, too, like to see "live" pictures of the news as it breaks. But then we want the details, the 1,500 words, the sidebars — we want the newspaper.

After all, as some cynic has remarked, if that Chinese fella thought one picture was worth 10,000 words, why didn't he say it with a picture?

Two Motorists Arrested After Delaware Crash

DELAWARE — A bumper to bumper jostle on Rt. 23 Wednesday night resulted in the arrest of both drivers involved, state patrolmen here reported today.

They said a southbound car driven by Robert W. Jenkins, 21, of Columbus, slammed into the back end of an auto driven by Herbert L. McCoy, 19, of near Delaware.

According to the report, Jenkins sustained lacerations of the scalp and a bruised right knee, but was not treated following the accident at 10:45 p.m., two miles south of Delaware.

McCoy was charged with failure to have a license and Jenkins with failure to stop within assured clear distance. Both cars were considerably damaged.

Man Wanted in 1954 Robbery Here Arrested

Robert Briggs, 43, formerly of Marion, has been picked up in Kansas City, Mo., on a warrant issued from Marion in connection with a 1954 robbery at the Ace-Hi Club on Hocking St., Sheriff Glenn Obenour said today. Sheriff Obenour said he plans to leave for Kansas City later this week to return Briggs to Marion.

Europe Economic Cooperation Discussed by Women Voters

The recently activated organization for European economic cooperation was the discussion topic when the evening unit of the League of Women Voters met Wednesday night at the home of Mrs. Clifford Baker on Mt. Vernon Ave.

Miss Janet Berg defined the various organizations now in existence and explained mutual trade agreements between Belgium, Netherlands, Luxembourg, France, Italy and Western Germany.

The program chairman emphasized developments of the last month which have decreased tariff and currency barriers as a big step forward in bolstering the economic welfare of Europe.

Miss Berg brought out the point that the United States favors the low tariff plan, but the Soviet Union is opposed to it.

Questions concerning political implications within the European coalition were answered by Mrs. Richard Devine. She noted that some groups join with Russia in opposing European economic cooperation, but it is generally favored by most countries.

The purpose and scope of the North Atlantic Treaty Organization were explained by Mrs. Harold Fetter, after which Mrs. Edmund Eaman, chairman of the study committee, interpreted the attitudes of the United States and Britain toward the European alliance.

The same topic was discussed when the afternoon unit met Tuesday at the home of Mrs. Harold Fetter on Orchard St.

During the business session Wednesday night, the resignation of Mrs. Marion Burton as a member of the board of directors was accepted.

Mrs. Baker, president, said the resignation was necessitated by Mrs. Burton's declaration of candidacy for the Republican nomination as mayor in the May primary.

League policy is that no person who seeks political office, thus declaring partisanship, is entitled to hold office on the board of directors.

Mrs. Baker announced that a special League meeting will be held Jan. 28 at the home of Mrs. William R. Diem on Blaine Ave. The state study topic of proportional representation in the legislature will be considered at that time. The regular League meeting will be held Feb. 11 at the home of Mrs. J. E. Frew on S. Greenwood St.

County Delays Hearing On Road Vacation Bid

The county commissioners today deferred until Jan. 29 consideration of a request for vacation of two sections of Lectonia Ave. in Vernon Heights.

A petition requesting vacation and signed by 12 property owners was filed with the commissioners last August. The commissioners said today's hearing was deferred because all detailed plans are not yet available.

William Isaly and other property owners, represented by Robert O. Stout, seek vacation of a 156-foot section north from the Bexley Ave. line and a 625-foot section south from Virginia Ave.

Junior High Co-Ed Officers Selected

The Junior High Co-ed Council of the YMCA met Wednesday night at the "Y" to elect new officers. They are: Maija Porietis, president; Dick Elcher, vice president; Devona. Long, secretary; Jean Burt, treasurer and Jane Hamilton, chapiin. Miss Porietis is from Edison Junior High and the rest attend Eber Baker.

The council made plans for a "Sweetheart Swing" to be held Feb. 14 at the YMCA. Announcement was made that the Junior High and Senior High Co-ed Councils had purchased extra speakers for the Co-ed Center at the YMCA.

Other members of the council are Sharon Sanders, Jack Moderwell and Dick Craft of Edison Junior High School; Buzz Wiant of Baker Junior High School; Joyce Brewer, Linda Tiller, Pat Thompson and Alma Miller of Taft Junior High School, and Mary Ann Albert and Fran Voll of Marion Catholic High School.

Advisers for the council are Mrs. Everett Albin, Mrs. T. L. Hufert and Mrs. Joseph Benedict. Miss Nell Bailey, women's and girl's secretary for the "Y," is in charge of the program.

Women's Activities Planned at YMCA

Women's activities at the YMCA for the next week were announced today by Miss Nell Bailey, women's and girls' secretary at the "Y."

Tuesday at 1 p.m., a gym class will be held for women interested in keeping physically fit, followed by a free plunge period.

Thursday at 1 p.m., as a part of the "Ladies Day Out" program, a six-week series of beginner bridge classes will begin. Mrs. James McGregor and Mrs. John A. Maxwell Jr., members of the Junior Service Guild, will instruct the classes.

To register for either activity, women interested should call the "Y" or leave their names at the adult desk.

On Wednesday evening, a business and professional women's program will be held, beginning with slimnastics at 6, followed by a free plunge period and recreation.

People We're Proud To Know

Harold J. Grigsby

By CHARLES L. MARTIN

A deep and sincere interest in the problems, welfare and interests of others is one mark of the civic leader of every community.

One of Marion County's native sons who displays this and other leadership qualities is Harold John Grigsby of 325 Durfee Dr.

Active in numerous civic organizations he is a successful businessman, having risen from stores accountant with the Erie Railroad to division manager for the Ohio Edison Co.

A strong believer in Marion's potential for growth, Harold Grigsby also believes the city needs some "far-reaching, long-range regional planning for the growth that's bound to come."

Such planning in the past could have eased many of the problems faced by the community today and, in some cases could have eliminated them altogether, he contends. "We tend to grasp too many problems when they are right before us and are all the more difficult to solve," he explains.

Nevertheless, "it has been a thrill to see the city progress as it has in the last 15 years and we'll still go forward in the future," he declares. Both he, personally, and the Ohio Edison Co., have faith in Marion's future, he adds.

—:—

AND HE ISN'T one to give only lip service to that faith. He works at helping the city to progress by serving on numerous civic and service club committees and by encouraging Ohio Edison Co. employes in the Marion division to take an active interest in community affairs. "We have a great town and although it sometimes looks discouraging, progress always continues," he notes.

Born in Prospect Township on April 2, 1895, he was one of two sons of John W. and Elizabeth Biggerstaff Grigsby. His great-grandfather was one of Marion County's early settlers, coming here from Virginia. Harold's brother is Everett B. Grigsby of 820 Forest Lawn Dr., a local insurance agent.

Harold Grigsby first came in contact with the electric business while still a schoolboy on his father's farm located near what is now the site of the Ohio Edison Co. generating plant.

His father granted the Columbus, Delaware and Marion Electric Co. a six-acre right-of-way for its interurban line and he subsequently rode the cars two miles to and from the Prospect village school each day. The C. D. & M. Co. was a predecessor of the Ohio Edison Co.

Later he completed his schooling by attending his first two years of high school at the Waldo rural school and his last two at Delaware High School where he graduated in 1914. At that time the Waldo School did not offer 11th and 12th year curriculums.

Always interested in accounting, he had studied it in high school and, after graduating, obtained employment as a stores accountant with the Erie Railroad in Marion.

Two years later he joined the cost accounting department of the Marion Steam Shovel Co. and remained there until 1921 when he was employed with the accounting department of the C. D. & M. Co.

—:—

HE HAS REMAINED in the electric business in Marion ever since and has seen nine changes of ownership in the electric company serving Marion and the area.

After successive advances with the C. D. & M. Co., he became secretary - treasurer and a director of the Marion Reserve Power Co. and in 1945 was promoted to executive vice president and director. In 1946 he was named vice president and manager of the Marion division of the Ohio Public Service Co.

At one time during this course of events, Mr. Grigsby was a director of 32 electric power companies operated out of Marion and was instrumental in merging five of them into the Marion Reserve Power Co. It, in turn, was acquired by the OPS Co. in 1944.

Subsequently, when OPS was acquired by Ohio Edison in 1950, he was appointed division manager and has held the post since that time.

In his 37 years in the electric business here, Mr. Grigsby has seen it grow from 4,000 customers to a division serving some 27,000 and covering some 1,490 square miles.

Within the Marion division there are 15 different communities of which Marion is the largest and is division headquarters. There are 230 employes in the division.

In addition to directing the division operations, he negotiates with city and village councils to set electric service rates—either wholesale or retail, depending on the type service provided the community.

The fact that he is interested in civic affairs is attested to by the long list of local activities in which he has participated.

He was instrumental in organizing the Marion County Community Foundation, a forerunner of United Appeals, and served as a trustee of the Community Chest. He also has served as co-chairman of the YMCA building fund committee and presently is a member of the board of governors of Marion General Hospital.

Active in the Masonic Lodge since 1919, he is a 32nd degree Mason and is a member of all bodies of Masonry including Aladdin Temple Shrine, Marion Shrine Club and Marion County Scottish Rite Club, of which he is president.

He also served as master of Marion Lodge 70, F&AM, in 1941 when it was celebrating its 100th anniversary and is a past high priest of Chapter 62, RAM. He is a director of the Marion Masonic Temple Co.

In other activities, he is a past president of the Marion Chamber of Commerce and holds the post of national councilor. He is a member of the Manufacturers' Council of the C. of C.

—:—

A DIRECTOR of the Marion County Bank and vice president and director of the Harding Hotel Co., he also is a member of the advisory board of the Salvation Army and is a trustee of the Harding Memorial Association.

During the presidential campaign of Warren G. Harding, he served as a member of the Harding Marching Club and greeted delegations at the union depot to guide them to the Harding home on Mt. Vernon Ave.

He is a past director and past president of the Marion Kiwanis Club and in 1953 served as chairman of the Marion County observance of the Ohio Sesquicentennial celebration.

During World War II, he served as chairman of the local payroll savings division of the U.S. War Bond drive and headed up the local scrap drive committee.

Two deceased local men, themselves civic leaders, are credited by Mr. Grigsby with being his inspiration to actively participate in community affairs. They were the late Fred Guthery and Elmer J. Schoenlaub. He describes both as "outstanding leaders."

His interest in civic affairs also is accounted for by his interest in his fellowman. "I enjoy talking with people and like to try to help them iron out their problems," he asserts. The utility business is a good one for anyone that likes people because it provides an opportunity to meet people from all walks of life, he adds.

Mr. Grigsby advises young people to work hard if they hope to advance in their chosen lines of work. They should also obtain all the formal training possible to aid them in advancing, he said.

Another important bit of advice for young people who hope to succeed is "don't watch the clock," he said.

A Republican and member of the Epworth Methodist Church, he is married to the former Miss Helen Waddell, a daughter of the late Mr. and Mrs. Michael Waddell. Her father was one of the founders of the Home Federal Savings and Loan Co. Mr. and Mrs. Grigsby were married in Marion in August of 1922. They have one son, Richard W., who is an assistant to the president of the Berlou Manufacturing Co. He lives at home with his parents.

Political Feud Flares

Ousted Jurist May Seek Youngstown Mayoralty

YOUNGSTOWN, Ohio (AP) — Ousted from the municipal bench after a legal fight, Frank R. Franko hints he will run for mayor.

He bowed Wednesday night to an Ohio Supreme Court ruling which ordered him "ousted from this day forward."

Frank X. Kryzan, a Democrat, was elected mayor here in November, 1953, at the same time that Franko gained office as municipal judge. They are political enemies, and there have been reports that Franko would run against Kryzan in the next Democratic primary.

Issues Statement

Franko did not specifically mention the mayoralty in a statement he issued Wednesday night denouncing the state court's action. What he said was:

"I must seek the truth not through the judiciary but by the process of democracy with the help of the electorate. Justice is too expensive to obtain. It is better that I expend my money in a different political manner in my future endeavors."

Franko had to leave the bench because he was under indefinite suspension as a member of the bar, and state law says municipal judges have to be attorneys. Monday, the U. S. Supreme Court turned down an appeal of his suspension. Late Wednesday, the state court acted on a removal action started by the attorney general at the request of the Mahoning County bar.

It was in June, 1957, that the county bar association filed charges against him. He was accused of using his municipal office to advance his political aims while running for county prosecutor. Specifically, he was charged with fixing traffic tickets—including some of his own—and of sending political literature to persons he had given light sentences in Municipal Court.

Connected with Appeal

Franko contended Wednesday night that only the day before he received a letter from the State Supreme Court saying his case would be heard Feb. 5. Actually that was a maneuver connected with his appeal to the U. S. Supreme Court, which turned him down Monday.

"The reversal would indicate a complete disregard for the constitutional right of due process and equal protection clauses of the State and Federal Constitutions," his statement said.

On the original charges, Franko was given a hearing here in July, 1957, and before the Ohio Supreme Court a year ago. Last May, the court suspended him indefinitely from the practice of law. That means he could not apply for reinstatement for five years, and then would have to take a state bar examination.

He had another year to go on the municipal bench.

Killed in Crash

JACKSON, Ohio (AP)—Carl W. Hafer, a 40-year-old employe at the Veterans Administration Hospital in Chillicothe, was killed Wednesday when his car collided with another auto on U S 35 northwest of here. Hafer lived at Rt. 3, Jackson.

Congress Balks at Ike's Program

Administrator of FHA Steps Into Controversy

WASHINGTON (AP)—President Eisenhower's new housing boss, Norman P. Mason, will step squarely into the middle of a first-class row shaping up between Congress and the administration. He says he doesn't mind at all.

Mason told a reporter today that "anyone with a little fighting spirit and red blood in his veins" should welcome the give and take that goes with presenting a controversial program to a critical Congress. That's the way democracy works, he said.

The controversy in this case: the extent of government housing programs under Eisenhower's efforts to hold down spending. Democratic critics have proposed more spending for Housing.

Mason, now head of the Federal Housing Administration, was nominated by Eisenhower to head the parent Housing and Home Finance Agency. The 62-year-old Massachusetts Republican will change offices as soon as the Senate confirms his nomination.

The top HHFA post is being vacated by Albert M. Cole, who made it plain to newsmen he won't be at all sad to miss this year's give and take on Capitol Hill.

Cole will become an aluminum company executive.

Named to Committees

WASHINGTON (AP) — Rep. Clarence Brown (R-Ohio) was renamed by House Republican leaders Wednesday to his post on the House Rules Committee. Among nominees for other committees Wednesday were Rep. Jackson Betts (R-Ohio), Ways and Means, and William E. Minshall (R-Ohio) Appropriations.

Molasses Flood in Boston Is Recalled

By DICK SINNOTT

BOSTON, Mass. (AP) — It was Wednesday, Jan. 15, 1919. Clocks ticked off the noon hour in Boston's busy North End.

The temperature hovered at the freezing mark. There was a hint of snow in the air.

The everyday bustle of activity echoed along Commercial Street, the North End's cluttered avenue of trucks, autos, bicycles and peddlers' wagons.

A group of children romped beneath a huge tank—58 feet high, 98 feet wide—that towered over the Purity Distilling Co. It contained almost 2 million gallons of molasses.

A guard shooed the youngsters away.

—:—

THE CLOCK'S HANDS moved on toward 12:30.

Mothers beckoned children to lunch. One, Mary Distasio, 11, ran back to take another look at the awesome molasses tank.

A city laborer, Michael Sennott, sat down to lunch with five companions in the nearby Public Works yard. He munched on a ham sandwich.

It was 12:31.

A moment later, with only a muffled rumble as warning, the great molasses tank erupted.

A tidal wave of sticky, black liquid spewed over two city blocks with such force it hurled trucks against buildings and crumpled houses.

—:—

LITTLE MARY DiStasio's body was found beneath four feet of molasses. The Public Works yard was a blanket of molasses. Sennott and his companions were dead.

In all, 21 persons perished, 40 were injured and the damage ran to millions.

The next day an investigation began. It ended officially six years later.

Lawyers for 125 plaintiffs charged the company had constructed a faulty tank, while the company claimed it was the victim of anarchists, that a bomb had been placed in the vat.

But Municipal Court Chief Justice Wilfred Bolster blamed the public for the disaster. In his inquest report he said:

"There was no supervision of the construction of this gigantic steel tank. The plans went through the building department and persons passing on them were incompetent to determine structural steel construction.

"As long as the public keeps one eye on the tax rate and provides itself with an administrative department only 50 per cent qualified, it has no right to complain if it does not get 100 per cent protection and production."

On April 28, 1925, after a 10-month trial during which 3,000 witnesses were heard, the plaintiffs agreed to settle the case for $1,024,000.

Repeals Bylaw

HOLLYWOOD, Calif. (AP)—The Academy of Motion Picture Arts and Sciences repealed its bylaw barring Communists from competing for Oscars Wednesday, saying it is unworkable.

It attributed this to the fact that it has no control over the engaging of talent for films.

Prepare Tax Returns Early, Collector Urges

William Tracewell, head of the local internal revenue office, urged Marion Countians today to begin preparing income tax returns early.

"Everyone should double - check their arithmetic," he said, adding: "Names and addresses should be printed or typed, so they may be read easily by revenue service employes."

"If we can't read your name, we can't credit the proper account or pay out any refund due, no matter how perfect the rest of the return may be," he said.

DEVICE CUTS EXHAUST SMOG. An automobile afterburner that resembles an ordinary muffler and that eliminates 90 per cent of smog-producing hydrocarbons in auto exhausts is fitted to a test car by Dr. Stuart Ridgeway, its inventor. The afterburner was presented at the Society of Automotive Engineers convention in Detroit and is not in mass production. This version, made by Ramo-Wooldridge, is one of several experimental afterburners being made in a battle against smog resulting from auto exhausts. One manufacturer estimates that such a device will cost about $150, including installation. (UPI Telephoto)

2 Held in Inquiry Pass Lie Detector Test in Columbus

COLUMBUS, Ohio (AP) — Lie detector tests given two men appear to clear them of any guilt in the death of former television newscaster Ed Wood.

The two are Carl Oscar Lewis, 28, and Robert G. Edwards Jr., 35, both of Columbus. Lewis has admitted that he and another man still at large robbed Wood of some money and personal articles just before his death early Thursday. However, polygraph tests supported statements that Wood was alive when the men left him, authorities said.

Wood, 40, was found dead at the bottom of a stairway in a rooming house here. Authorities have maintained the former Columbus and Pittsburgh newscaster died accidentally in a fall after a night of drinking.

Lewis is being held on a robbery charge. Edwards, who claims he did not take part in the robbery, is being held for questioning, but authorities said they will release him soon.

Forest School To Hold Chapel Services in Lent

FOREST — Arrangements have been made to hold the third annual series of Lenten Chapel Services at Forest High School. The services will be held each Wednesday morning during Lent with the theme, "Character Keys to Successful Living."

The services will be conducted by the ministers in the school district in the following order: Feb. 11, the Rev. Edward Brewster of the Forest Methodist Church; Feb. 18, the Rev. Garner Ram of the Blanchard River Church of Christ; Feb. 25, the Rev. W. W. Silverthorne of the Forest Baptist Church; March 4, the Rev. Ralph Oyer of the Big Oak EUB Church; March 11, the Rev. B. H. Smallwood of the Forest Presbyterian Church; March 18, the Rev. Robert Chroninger of the Christian Union churches, and March 25, the Rev. Clayton Landes of the East Kenton Circuit Methodist churches.

The chapel services have been well received by the students in former years and the public is invited to attend.

Stockholders of Fahey Banking Company Meet

A record number of Fahey Banking Co. stockholders turned out Wednesday afternoon for an annual meeting at the bank's east side office on E. Center St.

Some 48 stockholders took part in a discussion of the bank's business during 1958 and attended a social hour afterwards. The bank will hold its annual organization meeting and elect directors and officers Friday at the main office on N. Main St.

Ohio Fair Managers Drafting Plans for 1959's Expositions

COLUMBUS, Ohio (AP) — The men who stage Ohio's county fairs wind up their annual convention here today. They've been at it since Tuesday, shaping plans, signing acts, dreaming up the ideas they hope will attract millions of fairgoers come summer and early autumn.

It's the 34th convention of the Ohio Fair Managers' Assn. and about 1,500 fair officials and concessionaires are attending.

Most of the time is spent in business caucuses, but the delegates also listen to speakers, and among Wednesday's was new Agriculture Director Robert H. Terhune.

He cautioned the fair officials not to overlook any of Ohio's "natural, human and spiritual resources" in working up fair attractions, and he asked them to keep these things in mind about professional entertainment:

Will the entertainer be as popular this summer as he is now. Does he demand a large guarantee? Should the fair try to get entertainers who will appear several times so that those who attend one show can recommend it to another? Will the entertainment compete with local sources of professional entertainment?

"This certainly isn't something for one man to decide," he said. "I want to hear what a great many other people have to say. And I certainly don't intend to dictate to anybody on these matters."

2 Men File for Posts In Bucyrus, Crestline

BUCYRUS — Glenn S. Senseney, 63, city treasurer here for the last 12 years, Wednesday filed his candidacy petition with the Crawford County Board of elections here for a seventh two-year term.

A Democrat, Mr. Senseney has had no primary or Republican opposition since 1953 when he defeated the late C. A. Smith by 1,107 votes at the November election. A World War I veteran, he is active in several veterans' organizations.

Election board officials also reported that Charles F. Morton has filed for the Democratic nomination for mayor of Crestline. He now is serving on the village council. Albert Smith, a Democrat now serving as Crestline mayor, has not yet filed his petition for re-election.

Neil Adams was made fire chief to succeed Dr. D. M. McBride; and the first assistant chief is John Lorah; second, Lowell Sanborn and third, Hugh Davis. Secretary-treasurer is Charles Tooley.

The firemen plan to entertain the trustees of the townships served by the fire department at their meeting in February.

2 Inmates Paroled To Marion District

Two of the 35 Marion Correctional Institute inmates released today were paroled to Marion and Sycamore, Lamoyne Green, prison superintendent, reported.

Paroled to Marion was Rex Wilson, 47, of Lake County, who was serving a 2-40 year sentence on charges of forgery and uttering and publishing a forged instrument. He was sentenced to the Ohio Penitentiary in 1952 and transferred to the local prison April 24, 1956.

Mr. Green said Frank E. Luman, 32, of Lorain, serving a 1-15 year sentence on a burglary count, was paroled to Sycamore. Admitted to the Ohio Penitentiary in 1955, he was transferred here in July of 1957.

None of the inmates released was from this area. The superintendent noted, however, that they were all paroled to communities in Ohio.

Election Changed

DETROIT (AP)—The Irish vote is heavy in suburban Roseville.

With this in mind, Roseville's school board is going to change the date of an important school tax election.

"We can't afford," said board attorney Raymond Cashen, "to get the Irish mad at us."

Cashen, himself an Irishman, said the board inadvertently set the election for March 17, St. Patrick's Day, requiring the closing of all bars under election law.
